BRIBERY CHARGES AGAINST LORIMER

Senate Sub-Committee is Named to Make New Investigation.

WILL PROBE CASE AT ONCE

Four Democrats and Four Republicans Named—Half of Committee Voted in Illinois Senator's Favor at Hearing.

Washington, June 5.—Senators Dillingham, Gamble, Jones and Kenyon, Republicans, and Fletcher, Johnston, Kern and Lea, Democrats, will constitute the sub-committee that will conduct the new investigation into the bribery charges against Senator Lorimer. They were named for this duty today by the Committee on Privileges, and Elections and are all ready to begin services with all the authority of a full committee as soon as the Senate approves: Of the eight members, Messrs, Dillingham and Gamble, Republicans, and Fletcher and Johnston, Democrats, voted for Lorimer in the previous investigation. Mr. Jones, Republican, voted against him. Messrs. Kenyon, Republican, and Kern and Lea, Democrats, were not then members of the Senate. They are known, however, to be opposed to Mr. Lorimer.

The committee considered first Mr. Kenyon's motion directing the investigation as a whole, but after brief discussion it was rejected by a vote of 3 to 10, affirmative votes being cast by Senators Kenyon, Clapp and Jones.

The resolution providing for the appointment of a sub-committee of eight was proposed by Mr. Bailey, Senior Democratic member of the committee, and it named Messrs. Dillingham, Gamble, Clapp and Sutherland, Republicans, and Messrs. Fletcher, Johnston, Kern and Lea. This followed the rule of seniority except where senators had refused to permit the use of their names and insofar as its impartiality could be assumed.

Among those declining to serve on the ground of other engagements were Messrs. Bailey and Painter, Democrats, and Heyburn, Republican.

When the list was read Messrs. Clapp and Sutherland voluntarily retired in favor of Messrs. Kenyon and Jones. Contending for the rule of seniority, Mr. Bailey suggested that Messrs. Bradley and Oliver should be designated. When, however, it was pointed out that both of those senators were ineligible, because, in the previous inquiry they had voted for Lorimer, the Texas senator yielded and the Iowa and Washington senators were added to the list.

The sub-committee adopted a resolution for presentation to the Senate tomorrow to clothe the sub-committee with all the powers of a special committee. It is expected that he resolution will encounter comparatively little opposition.

The sub-committee has indicated a disposition to confine the sittings to Washington as closely as posible, but it is understood that Illinois will be visited. The committee will be empowered to sit during sessions of the Senate and there will be an effort to conclude the work during the extra session.

Investigation Will Be Thorough.

Indianapolis, Ind., June 5.—Senator Kern, who today was named one of the special committee to investigate the election of Senator Lorimer, of Illinois, is here to atend to court matters. He says the investigation of Lorimer's election will be full and complete this time and that it will be different from the other investigations.

"There is unanimous sentiment in the Senate," said Mr. Kern, "in favor of a thorough investigation and if the committee reports a witness as refusing to testify there is no doubt what the Senate will do with him. There will be no court to save him as was the case in the Illinois legislative investigation of the election."

INTERNATIONAL POLO GAME.

Rain Interferes With Contest Between Americans and British.

New York, June 5.—Interest in the International Polo Cup series—with the American defenders in possession of the first game by a close score—is stretched over at least another 24 hours because of a storm. The rain which delayed the first match from Wednesday to Thursday last week, came even heavier during the forenoon today and caused postponement of the second contest. The teams hope to cross mallets tomorrow afternoon provided the weather does not again disappoint them. As the coronation of King George V. draws closer and all the English officers have assignments at the vent, every day's delay means fewer hours between the two remaining matches. The third match will probably be played either Thursday or Friday.

The line-up tomorrow will probably be unchanged.

[illegible]ST TO DEATH AS BANDITS

Twenty-Eight Opponents of Madero Meet Summary Fate in Mexico —All Armed Bands Will be Exterminated.

Tucson, Ariz., June 5.—Twenty-eight followers of Magon, a Mexican "liberal," who were opposed to Madero, were summarily executed on Saturday and Sunday in the Altar district near Compania and Atlar, according to refugees who arrived today. The district has been cleared of followers of Magon who are classed by the provisional government as bandits.

The twenty-eight executed were captured after a skirmish in which there were a number of casualties on both sides. It is said the Madero troops have orders to put all captured outlaws to death.

To Start New Republic.

Los Angeles, Cal., June 5.—"General" C. Rhys Pryce, commander of the liberal insurrectos in lower California, who had been in Los Angeles for several days conferring with the Mexican liberal Junta and arranging for the transportation of supplies to Tijuana, lower California, today departed, announcing that he was returning to assume command of the Tijuana forces. Pryce reiterated his intention to set up a republic in the lower California Peninsular.

"I have telegraphed to Madero, asking for his acquiescence and support," said he. "If he decides to oppose us, it will mean a hard struggle. We may have to abandon Tijuana. However, there are other towns in the peninsular than can be made impregnable and it would require a large army to drive us out."

To Fight Lower California.

Juarez, Mex., June 5.—For the first time in three months a train arrived in Juarez direct from Mexico City today, by way of Chihuahua. The reopening of the road will enable Federal troops to evacuate Chihuahua and insurrectos to take possession.

Thirteen hundred Federal troops, under General Luque, entrained at Chihuahua today for Lower California, to co-operate there with Madero's forces in suppressing the rebellion of Socialists.

Abram Gonzales will start tomorrow or Wednesday for Chihuahua, to assume his duties as provisional governor.

Cientificos Will Run Candidate.

San Antonio, Tex., June 5.—It was reported today that leaders of the Mexican Cientifico party will meet in New York city within two weeks to form a new party and a campaign afterwards for the Presidency of Mexico.

Ten days ago Rosendo Pineda and Luis Del Toro arrived and registered at a hotel under assumed names. Thice days later the two disappeared. Del Toro later returned and registered under his real name. It is now reported that Pineda was on the private car which carried Jose Yves Limantour and Guillermo Landa y Escandon through San Antonio last Saturday, and that the three, two of whom are leaders of the Cientifico party, will meet in New York with Miguel and Pablo Macedo.

Great Honors for Madero.

Mexico City, June 5.—When Francisco I. Madero, Jr., enters the capital on Wednesday thousands will greet him at the station and soldiers of the army which he whipped will line the streets. In his honor military bands will play and the police, whose duty it once was to arrest those who carcried "Viva Madero," will join in the greeting.

Officially Madero is a private citizen, and, therefore, the guns of the garrison will give him no salute, and legally the Mexican national hymn may not be played; but all that may be done under the law will be done by official Mexico as well as by the populace to make him welcome.

But there will be one note of disappointment for thousands of men who have borne the hardships of war. The revolutionists in Cuernavaca are to have no part in the celebration. This was decided today, but neither they nor representatives in the capital have ceased in their efforts to have the edict withdrawn. Fearing that the presence of so many armed men, not accustomed to discipline of the regular army might result in trouble, government officers deemed it wise to refuse their plea for participation in the festivities.

Madero's train will be met a short distance out of the city by another, in which will be committees representing various political clubs. They will escort him and those with him to the capital. It is planned that Madero will go directly to his home and from a balcony address the crowd.

Dozens of clubs having as their motive the booming of Madero, have been organized since the close of the war; and all of these are active in planning the reception of the man they later will support for the Presidency. They have agreed that Madero shall ride through the streets of the city at the end of a procession. It is expected that a military ascort will be provided.

In addition to the various clubs there will be divisions made up of all classes of commercial employes, of workmen from factories; even athletic clubs have asked for places in the line. Everywhere the national colors are making their appearance and it is expected that hundreds of private houses and even the public buildings will be decorated in honor of the erstwhile rebel chief.

Throughout the city troops will be placed, partly in honor of Madero, and partly to preserve order, should the celebration be threatened with trouble by an over-enthusiasm that might find expression in breaking windows.

PUBLIC HEARINGS ON RECIPROCITY

Senate Committee is Getting Ready to Report on the Bill.

WILL HEAR SECRETARY KNOX

Newspaper Publishers Were Heard Yesterday—Associated Press Denies That It Sent Out Prejudiced Reports.

Washington, June 5.—Public hearings in the Canadian reciprocity bill were concluded by the Senate Finance Committee today, representatives of the American Newspaper Publishers' Association and of the Asociated Press being the last to appear before the committee.

Secretary of State Knox, at the request of Senator Bailey, has been asked to explain to the committee tomorrow whether the Root amendment to the paper section of the bill providing that it shall not be in force until the President is satisfied and has issued a proclamation to the effect that paper and wood pulp are being admitted free into all the provinces of Canada, is in full accord with the agreement as understood by the commissioners from both countries who prepared the treaty. On Wedday the committee will take up the bill in executive session to discuss committee action.

Both Herman Ridder, until recently president of the American Newspapers' Association, and Melville E. Stone, general manager of the Associated Press, testified today, in answer to queries from various senators, that in their opinion no effort had been made by the newspapers of the country to present only one side of the reciprocity agreement to color their reports on the question or to suppress any facts which were of news value. Bruce Haldeman, president of the Publishers' Association, and Frank B. Noyes, president of the Associated Press, also appeared.

The chief interest which the newspapers of the country have in the matter, Mr. Ridder told the committee, is their desire to free themselves from the paper manufacturers' trust which now, he added, has the publishers at its mercy. The readers of the country would benefit by cheaper paper as well as the publishers, he declared, because the money saved on paper could be used to furnish a larger and better news service.

Mr. Ridder acknowledged that the Publishers' Association has sent out bulletins and letters urging the passage of the reciprocity measure. "But I would not have favored the measure," he said, "if I had not thougnt it would be of benefit to the country as a whole, independent of my interest in it, as a newspaper publisher."

When Mr. Ridder attacked the paper trust, which he said limited the output, fixed the price and told the publisher where he must buy his paper, both Senators McCumber and Bailey, opponents of the bill declared that if there was such a trust they wanted to see it prosecuted by the government. Mr. Ridder insisted, in answer to numerous questions, that any amendment to the bill would, in his opinion, endanger and probably kill the measure and that, therefore, he was in favor of seeing the bill passed exactly as it came from the House.

Mr. Stone testified that no instructions had been sent out to Associated Press correspondents as to Canadian reciprocity, except that they had been told to send any important matter connected with it because of the general interest of the subject. He was questioned in detail as to the Associated Press service by a number of Senators. All reports, he said, were supposed to be absolutely fair to both sides, to be a recital of facts on their news value only.

HAD TO PAY WIFE $75,000.

End of Divorce Suit of Professor Wheeler, of Yale.

New Haven, Conn., June 5.—Judgment has been satisfied in the divorce decision of Mrs. Eva Swarthout Wheeler against her husband, Professor H. L. Wheeler, in which alimony of $100,000 was awarded by the courts, according to papers filed today. The amount of the actual settlement is not given, but he understanding is that a compromise was reached for about $75,000. Professor Wheeler, whose resignation from the Yale faculty, has been accepted, went to Chicago after the decision in the case was made public. The ground upon which a divorce was granted was cruelty.

Havana, June 5.—Marcel Pennot, the French aviator, who fell from a height of fifty feet while giving an exhibition at Sandiego de Los Banos, on June 1st, died this afternoon at a hospital here.

JUDGE BOYD SERVES WARNING

Will Enforce Anti-Trust Law in His Jurisdiction—Will Hold Individuals and Corporations to Strict Account.

Greensboro, N. C., June 5.—In the United States District Court today, Judge James E. Boyd while charging the grand jury with reference to the trusts, said that the recent decisions of the Supreme Court which declared the Standard Oil Company and the American Tobacco Company illegal combinations, did not mean only that the corporations as legal entities were guilty of a criminal offense but that the active agencies and instrumentalities, whether they be other corporations or persons, would also be guilty of a criminal violation of the law.

"That is," said he, "such agencies as were part and parcel of the combination which these corporations had formed and which were a part and parcel of the common design which these principal corporations proposed to carry out. If such agencies or instrumentalities, whether in the form of corporations or associations, being a part of the combination or organization of the Standard Oil Company or the American Tobacco Company, such agencies in the opinion of the Supreme Court have violated the anti-trust act of Congress."

He said the people and the courts have been waiting on this decision in being guided as to their actions toward illegal compacts or combinations and that since the Supreme Court had undertaken to describe the meaning of illegal restraint it now becomes the duty of the authorities to enforce the law and enforce it strenuously. He said that if agencies of these corporations are found in the treritory of the court unlawfully engaged they are guilty.

DIVORCE ON QUEER GROUNDS.

Chicago Woman Says Husband is Chasing Wealth.

Chicago, June 5.—After 38 years of married life, John V. Steger, a piano manufacturer, was made defendant today in a suit for separate maintainance, filed by his wife, Louise R. Steger. Mrs. Steger, in her bill, declared that her husband "was engrossed in the accumulation of wealth, which seemed entirely to obliterate from his nature devotion and affection toward her."

Mrs. Steger asserted that her husband was worth $2,000,000, but allowed her only $20 a week to clothe herself, pay doctor bills and all other expenses and made her do the family washing and other menial labor.

KILLED BROTHER-IN-LAW.

Virginians Quarrel Over Family Difficulties and Misunderstanding.

Syphax, Va., June 5.—A series of domestic disagreements and misunderstandings, led to the killings here this morning of John Reeves, a gardener of the United States Department of Agriculture, by his brother-in-law, Louis J. Vandermiller, an employe of the Bureau of Engraving and Printing. The families of both men occupied the same house and a quarrel of yesterday culminated in Vondermiller shooting Reeves in the head with a shot gun. Vondermiller later surrendered himself to the authorities.

ROBBED ATLANTIC COAST LINE.

Absconding Cashier at Richmond Got Away With $12,000.

Richmond, Va., June 5.—Louis L. Gregory, the absconding cashier of the Atlantic Coast Line Railway, was today formally indicted in the Hustings Court here. He is charged in the indictment with having embezzled about $12,000 in three weeks.

PRESIDENT TAFT REBUKES OFFICER

Call Down Creates Considerable Sensation in Army Circles.

PREJUDICE AGAINST THE JEWS

Colonel Garrard Met President's Disapproval for Refusing to Recommend Young Jews for Army Promotion.

Washington, June 5.—President Taft today created something of a sensation when he rebuked Col. Joseph Garrard, commanding the cavalry post at Fort Myer, Va., for disapproving Private Frank Bloom's effort for promotion because of Bloom's Jewish parentage. Col. Garrard's endorsement characterized Jews as "not desirable social associates," and President Taft immediately directed the Secretary of War to investigate the matter. The President stamped the expressions as those of narrow race prejudice. He also said it was hard to deal with the matter "with patience and without condemnatory words that had better not be written." The War Department pointed out that there have been many Jews among the army officers.

Notwithstanding the President's inquiry directed to the Secretary of War as to what should be done to discipline Col. Garrard, the incident has been practically closed with the rebuke. The Department decided that there was no ground for a court martial; an officer being at liberty to express his actual belief as to the availability of any candidate from the ranks. It was concluded that the President's purpose would be best served by the publication of the correspondence and with the delivery of a copy to Col. Garrard with a letter from the Secretary of War duly admonishing him not to repeat the endorsement.

The case of young Bloom, who is a private in Battery F, of the Third field artillery, now on duty on the Mexican border, was brought to President Taft's attention by Simon Wolf, a prominent lawyer of this city. Several years ago Bloom was urged for appointment to West Point. President Roosevelt, not being in a position at the time to make the appointment, suggested to Bloom that he enlist and "like a true American" fight his way up from the ranks. Bloom took the advice, entered the army, where he is said to have made a good record, and recently took his first examination for promotion. It is said that Bloom failed in this examination but in view of the prejudice brought about by Col. Garrard's endorsement, Bloom will be allowed a final examination in September.

"I shall take steps to see that the examination to which Private Bloom is subjected is one in which he will be given a fair chance and not be exposed to any unjust prejudice," declared the President in a letter to Mr. Wolf. Col. Garrard's endorsement on Bloom's papers, to which Mr. Taft so strongly objected, was as follows:

"The applicant is a son of Mr. Joseph A. Bloom, of Jewish persuasion, who is now, and has been for a number of years, a tailor at this post. His associates, as far as I know, and that of his family, have been with enlisted men and their families and have been respectable.

"The young man is undoubtedly honest and upright, ambitious and probably deserving, but for the reasons stated, I would not desire him in my command as an officer and a social and personal associate. The presence of the applicant's family at a military post would be subversive of discipline and their probable treatment a source of mortification to them and frequent cause of trouble to commanding officers. From an experience of many years I have not found, except in cases, communities where Jews are received as desirable social associates."

President Taft, in his letter to the Secretary of War, directing him to examine into the record of Young Bloom's case said:

"The statements made by Col. Garrard are not true with reference to the standing that Jews have in this country; and I resent, as commander-in-chief of the army and the navy, that any officer should permit himself in an official document to give evidence of such unfounded and narrow race prejudice as that contained in this endorsement."

The President's reprimand follows:

"The President directs the Secretary of War to inform Col. Garrard that his attitude in this matter is strongly disapproved as contrary to the ideals and principles of this country.

"Col. Garrard has been told that he has no moral right to exert influence in his official position to bar the advancement of a courageous and efficient young man simply because that man was of Jewish race; that such procedure indicates not only prejudice that should not be found in an officer of his position and experience, but amounts to a failure to justly and fairly consider the merits and claims of the applicant as shown by his efficient service and excellent standing in the mental examinations.

"Col. Garrard has been admonished to avoid a repetition of the action taken in this case."

COMMENCEMENT AT TRINITY

Bacalaureate Address by President Few—Meeting of Trustees—Many Prominent Visitors in Attendance.

(Special Star Telegram.)

Trinity College, Durham, N. C., June 5.—In the presence of an audience that filled almost to overflowing the large Craven Memorial Hall, President Few began last night the exercises of the first commencement under the new administration at Trinity College.

The occasion was the delivering of the baccalaureate address to the graduating class of 1911, which numbers more than thirty. All of the larger churches of the city dispensed with their evening services, and the size of the audience indicated that an unusually large percentage of those congregations attended the exercises.

With an excellent choir containing the very best voices in the city, Director T. E. Cheek furnished music for the occasion. Several inspiring selections were rendered to the delight of the audience.

One of the features of this commencement will be the wearing by the members of the graduating class of caps and gowns. These were in evidence last night, and added greatly to the appearance and dignity of the occasion.

Many prominent preaches and laymen are present from the North Carolina and Western North Carolina Conferences. Rev. John C. Wooten, pastor of Grace Methodist Church, Wilmington, is here, and was greeted by a host of friends who knew and loved him while he was a member of the faculty of Trinity College as head of the department of Biblical Literature.

President Few chose as his subject "Force and Right in the Government of the World," and delivered a profound address.

Board of Trustees.

The Board of Trustees of Trinity College met in its regular annual session this afternoon in the Washington Duke building, west wing. Two members of the Board have died since the last meeting, these being Hon. Kope Elias, Governor's Island, and Rev. Dr. W. L. Cuninggim, presiding elder of the Raleigh district of the North Carolina Conference, of Raleigh. Hon. James H. Southgate, of Durham, is president of the board; Rev. T. F. Marr, D. D., vice president; Winston, N. C.; D. W. Newsom, Durham, N. C., is secretary. The following members of the board were present: Mr. J. E. Stagg, Durham; Col. J. F. Bruton, Wilson; Col. G. W. Flowers, Durham; Mr. J. A. Long, Roxboro; Dr. T. F. Marr, Winston; Rev. S. B. Turrentine, Shelby; Dr. W. G. Bradshaw, High Point; Mr. Joseph G. Brown, Raleigh; Dr. Dred Peacock, High Point; Rev. J. B. Hurley, Newbern; Dr. E. T. White, Oxford; Mr. R. L. Durham, Cleveland, Tenn.; Bishop J. C. Kilgo, Durham; Rev. F. A Bishop, Dunn; Mr. William E. Springer, Wilmington; Mr. W. R. Odell, Concord; Rev. J. N. Cole, Raleigh; Mr. H. A. Page, Aberdeen; Hon. W. J. Montgomery, Concord; Hon. J. H. Southgate, Durham; Dr. E. C. Register, Charlotte; Rev. J. R. Scroggs, Charlotte; Rev. A. P. Tyer, Maxton; Hon. W. D. Turner, Statesville; Mr. R. A. Myer, Charlotte; Mr. C. W. Toms, Durham; Hon. Furnifold M. Simmons, LL. D., '73, Newbern.

L.L. D. for President.

Bishop Jno. C. Kilgo received a message tonight from President Henry N. Snyder, of Wofford College, Spartanburg, S. C., stating that Wofford had conferred the L.L. D. degree upon President Wm. Preston Few, of Trinity College. This is a high honor, appropriately conferred. President Few is just now rounding up his first year as the head of Trinity College, and Bishop Kilgo is authority for the statement that this is the greatest year in every respect in the history of the institution. President Few has proved himself a capable leader in every way and the whole community congratulates him upon this compliment.

A feature of the meeting of the Board of Trustees was the annual report of President Few, which outlined a fine year's work at the college. During the year 616 students were matriculated in all departments, 363 in the college, 182 in Trinity Park School, and 71 in extension courses in secondary education. The additions in improvements in buildings and grounds now under way, when they are completed, will give the college a great plant. The first need of the college, the president says, is an increased endowment. If the work as now projected is carried on successfully the endowment must be at once increased by an addition of at least one million dollars. In concluding his excellent report President Few says:

"As I close this my first report to the board I cannot forbear to express my deep sense of gratitude to those who have preceded me for the priceless heritage they have transmitted and to pledge my utmost endeavor to keep worthy of the past and, if possible, bettered by this generation, to hand on to future ages an institution which, by all the commitments of its origin, its constitution, and its ideals, is highly dedicated to the widest service of mankind."

AVIATOR IS LOST IN SEA FLIGHT

Lieutenant Bague Has Met the Fate of Cecil Grace.

HOLDS THE OVER-SEA RECORD

Daring Frenchman Attempted to Fly From Nice to Corsica—Warship Can Find No Trace of Him. Still Searching.

Nice, June 5.—It appears more and more probable tonight that Lieut. Bague, the French aviator, has met the fate of Cecil Grace, the Englishman, who was lost in the North Sea while attempting a flight from Calais to Dover last December. Lieut. Bague who holds the over-sea flight record, left Nice in his aeroplane this morning for a trip to Corsica. The distance between the two points is a little more than a hundred miles and when nothing was heard from the daring aviator, torpedo boat destroyers were sent to seek him.

The destroyer Arbalette returned here this evening from Corsica and reported that it could find no trace of Bague. Other naval vessels are continuing the search, but it is feared it will prove fruitless. The aviator took carrier pigeons with him and it is supposed that the aeroplane capsized so suddenly that he was unable to set them loose.

The Arbalet left again for Corsica at a late hour to make a further hunt for the missing aviator, by means of search lights.

On March 5th last, Lieut. Bague made a sensational and daring flight over the Mediterranean from Antibes to the little island of Gorgona, off the Italian coast. He covered the distance of more than 200 kilometers (124.5 miles) establishing a new record for over-sea flights. It has been his original inteation to land at Ajaccio, on the west coast of Corsica, but he lost his way and by so doing covered a greater distance over the water than if he had carried out his original plan.

IRISH STATESMAN INJURED.

John Dillon Nearly Meets Death in Automobile Accident.

Dublin, June 5.—John Dillon, Nationalist member of Parliament for East Mayo, was dangerously injured about the head and back in an automobile accident last night near Dandalk. It was at first thought that Mr. Dillon was dying and a priest who was hastily summoned, administered the last sacrament. The injured man rallied, however, and was removed to Dundalk, where he now lies in a hospital.

The automobile dashed into a culvert and Mr. Dillon was thrown through the glass screen. Although his condition is serious, Mr. Dillon's own doctor, who was summoned from here, hopes for his complete recovery but will not permit the removal of the patient from Dundalk for several days.

Mr. Dillon suffered a severe concussion of the spine which deprived him temporarily of power over his limbs. He also received a severe cut in the forehead which required several stitches.

DOUBLE DOMESTIC TRAGEDY.

Husband Shoots Wife and Self—Lived Unhappily.

Coudersport, Pa., June 5.—Chester Clark, aged 42 years, shot and fatally wounded his wife, Linda, aged 20 years, and then committed suicide at the woman's home at Roulette, near here on Saturday night. Mrs. Clark survived her husband only a few hours. The murder and suicide was not discovered until early today.

Clark and his wife had not lived together for several months. He went to his home Saturday night and endeavored to persuade her to return and live with him. When she refused he fired two bullets into her body. As the woman fell to the floor Clark placed the muzzle of the weapon to his head and blew his brains out.

HYDE'S LAST DAY TO PLEA.

Court Gives Chamberlain Till Next Wednesday.

New York, June 5.—This was the last day the statute allowed Charles H. Hyde to plead to the indictment for bribery and the former city chamberlain appeared in the criminal branch of the Supreme Court and demanded a speedy trial. District Attorney Whitman told the court that Jos. B. Reichmann, former president of the Carnegie Trust Company, and William J. Cummins, one of its directors, must be tried before Hyde's case was taken up, as the witnesses in all three trials would be the same. Reichmann's case has been set for next Monday and Cummins' follows. The court postponed action on Hyde's request until Wednesday.

Chicago, June 5.—New York resumed the lead in the National League pennant race today by defeating Chicago 7 to 1. A batting rally in the ninth, started by Merkles' triple scored in all seven runs. This triple was followed by Bridwell's single and Devlin's out. Myers singled and Matthewson walked. Devore doubled and Fletcher singled for the third time in the day. Snodgrass doubled and Merkle, who faced McIntire for the second time in the inning, got a double which he tried to stretch into a triple and was out. Doyle was spiked in the leg by Divore, but continued in the game.

IS PLEASED WITH WILMINGTON

Representative of American Banker Talks of Financial and Commercial Conditions in This City —Bright Future.

Mr. Wm. Koppel, field representative of the American Banker and Bank Reporter, the oldest publications of the kind in the United States, having been established 75 years ago, with which he has been identified since 1883, is making a trip through the South in behalf of the Northern and Eastern financiers and bankers to ascertain the true financial and commercial standing and general outlook of this section, and has been in Wilmington since Saturday, a guest at The Orton.

Mr. Koppel has recently visited almost all the large cities and at no place was the growth in one year so marked as in Wilmington, where he visited one year ago during the annual convention of the North Carolina Bankers' Association. At the time Mr. Koppel was so busy with the proceedings of the convention that he did not have time to study conditions here as he desired, so on this trip South he decided to stop here for a few days. He is on his way to Savannah, Ga., where on June 8th and 9th he will attend the meeting of the Georgia bankers and from there he will go to Lake Kanuga to attend the meeting of the North Carolina Bankers' Association June 21st, 22nd and 23rd.

"Upon my arrival here Saturday I was greatly impressed with the progress being made by your financial institutions," said Mr. Koppel at The Orton last night. "The American National Bank has a splendid new home which not only adds materially to the bank itself, but to the banking institutions of your city. The Wilmington Savings & Turst Co., is erecting a handsome new home. I was told that the People's Savings Bank would enlarge its already splendid home on the corner and the Atlantic Banking Co., is soon to build a new home. With all such improvements Wilmington will stand in front ranks of the banking institutions of North Carolina. Wilmington, one of the oldest financial centers in North Carolina, has only in the past year made a special effort to attain its rank.

"The most surprising thing to me is the vast increase in the deposits in your banks here, also the large increase of the clearings, a statement relative to which I got from your Clearing House secretary today, being the comparison of last month of this year with the corresponding period last year, showing an increase of $1,000,000. With these financial advantages Wilmington cannot fail to better a financial credit in any part of the United States.

"I always judge a community by its banking institutions and by the men who are at the head of such institutions and in charge of their management. I can say that your banks here are managed by what I consider practical bankers and financiers. A city with representative bank buildings and representative bankers add not alone to the financial standing of a city but also to the commercial and social standing, for always an important question asked a prospective investor or manufacturer is 'who the bankers are and what financial possibilities such a city affords them, and if these questions are satisfactorily answered it is very seldom that a city like this fails to be progressive or fails to be taken into consideration.'

"My second visit here is also in connection with a proposed trip of the American Bankers' Association of the United States which is composed of 12000 members, of which between 5000 and 6,000 will meet in the city of New Orleans the second week of November of this year. I am urging the Clearing House Association of this city to associate itself with the Chamber of Commerce in inviting the Northern and Eastern capitalists which go to the convention in a body and contemplate stop-overs at the largest Southern cities to pay Wilmington a visit at such time, as Wilmington besides its banking facilities has something else to how in the way of its lumber trade, its harbor, large fertilizer interests, shipping interest, etc. And I understand that you are contemplating making Wilmington with its beaches a Winter resort as well as a far-famed Summer resort for Northern people. No doubt when the Cape Hatteras improvements are made Wilmington will triple and quadruple its shipping interests and will stand with New Orleans and Mobile and other ocean and gulf ports for the Panama Canal trade.

"Besides you have No. 1 railroad facilities. With two railroads giving fine service can accomplish a great deal in commercial transportation. Your climate is A-No. 1 and I can say to my friends when I return East and North that with all the hot weather I experienced in the South and that I have experienced since last Saturday there has been a good breeze, which I understand always prevails here. I shall be able to tell my friends if it is too warm in Cincinnati, Chicago and such places to pay a visit to Wilmington and cool off; look the town over and no doubt they will consider an investment in Wilmington as a safe and paying proposition. I hope when I return to Wilmington in a year's time that I will be shown the new improvements contemplated and am satisfied that they will be carried out. I find the people of Wilmington good business men. I have had the opportunity to talk to quite a number."

Mr. Koppel said that he could not speak in too high terms of Wilmington's splendid financial institutions. He has been connected with a financial journal for nearly 30 years and quite naturally he turns first to the banking facilities of a town, but he has also found that Wilmington has many other advantages as well. Mr. Koppel remarked upon the fact that Charlotte, which boasts of a population of 10,000 souls greater than Wilmington, has no Clearing House "and much of its clearings are through the Wilmington association. Mr. Koppel was surprised to learn that there are a number of thrifty Chinamen here engaged in truck farming. He saw a Chinaman at the American National Bank yesterday and learned that the man has a 60-acre truck farm upon which he grows truck for the Northern Chinese trade. He was told by Mr. Thos. E. Cooper, cashier of the bank, that there are about 40 Chinamen in Wilmington and all have good bank accounts. Most of the number engage in truck farming, while up North one thinks of a Chinaman only as a person who does up laundry. Mr. Koppel said that the residential section of the city has a number of fine homes and with the improvement of the streets as contemplated that the residential section will be all the more attractive for the visitor.

Mr. Koppel believes Wilmington has a great future. He could recall a city in the South with such unlimited possibilities as Wilmington. He will leave today for Savannah to be present at the meeting of the Georgia bankers.

BURNED IN FOREST FIRE.

Young Man from Canetuck Section Brought to the City Yesterday.

Mr. William Hufham, 23 years old, a young man of the Canetuck section of Pender county, was brought to the city on the steamer Alice yesterday afternoon and taken to the hospital for treatment of severe burns received Sunday while fighting fires in the section in which he lived. Mr. Beth Pridgen, another well known young man of the section, was also badly burned but not so seriously as Mr. Hufham. Mr. C. H. Zibbelin, who was in the city yesterday, brought news of the destructive fire, stating that a large area between Cape Fear and Black river, was burned over, a stretch about three miles long and two miles wide. Lands owned by Mr. B. F. Keith, of this city; Mr. E. A. Hawes, of Atkinson; Mr. William Lamb, of Pender, and others were burned over, the loss amounting to several thousand dollars. Mr. Hufham, the young man so severely burned, was treated at Cronly by Dr. Moore Sunday night and brought on to Wilmington to enter the hospital He is very seriously, but it is hoped not fatally burned.

At Trinity Church Sunday.

The Children's Day exercises at Trinity Methodist Church last Sunday night were well attended. The beauty of the scene was enhanced by the tasteful decorations about the altar. The children had been well trained, and rendered the excellent programme in a very creditable manner, holding the attention of the audience throughout the service. The readiness and accuracy displayed by the children, perhaps, impressed many with the thought that the young talent in the church must be developed. It was a delightful occasion, and all who were present doubtless returned home feeling that the evening had been pleasanly and profitably spent.

—One of the boldest robberies in recent months occurred last night between 11 and 11:30 o'clock, when a window in the Jacobi Hardware Co's. store was smashed with a rock and at least six pistols stolen. The police are at work on the case, but have no clue as yet.

CENTRAL HIGHWAY PROJECT.

Enthusiastic Meeting Held At Marshall, N. C., Yesterday.

Asheville, N. C., June 5.—An enthusiastic meeting in behalf of the proposed Central Highway from Beaufort, N. C., to the Tennessee line was held at Marshall today, the principal speakers being Dr. J. H. Pratt, State geologist, and H. B. Varner, president of the Central Highway Association. Judge Pritchard was unable to speak owing to illness. Governor Hooper, of Tennessee, was also absent. A meeting will be held in this city tomorrow, after which an automobile trip of inspection will be made over the road to Stocksville.

PINK SLIPS BY WHOLESALE.

Four of Asheville Baseball Team Released.

Asheville, N. C., June 5.—"Pink slips" were handed out in wholesale fashion today when the management of the Asheville baseball club released Hobbs, first baseman; Humphries, Martin and Hayes, pitchers. This action was found necessary in order to comply with the salary limit rules of the Appalachian League. Humphries will probably go back to the Atlanta Southern League team whence he came.

At the Bijou.

Neither lowering clouds, nor damp air could keep the crowds back from the Bijou yesterday, where they reveled for over an hour at a time in one of the very best shows ever presented in Wilmington. If yesterday's superb bill is any indication of what is going to be offered Bijou lovers this week, and the management of the popular theatre says it is, why all amusement devotees may well whet up their appetites to the keenest edge, for something big and novel in the moving picture line is going to be offered them. The films yesterday were all rattling good ones. Each, too, was of the very latest make and thought and aroused admiration in the breasts of the onlookers. The musical part of the programme was also greatly enjoyed. Today will be another big one at the Bijou. There will be a number of motion picture surprises, while the musical part will be up-to-date, jolly and wholesome. The Bijou is bragging much on the films to be presented this week, as the list shows some of the most wonderful creations in months. Nothing but the latest and the best films, direct from factory to Wilmington, are shown at the Bijou.

Grand Theatre.

Despite the bad weather yesterday the popular Grand did a big business and those who braved the bad weather were certainly well repaid as the bill was one of the best ever shown. Today the Grand offers three more of the very latest releases, among which are a new Vitagraph entitled "The Ends of the Earth." This is a powerful society drama, and during the action of the play one is carried through many wonderful scenes in the frigid North. This is a very dramatic story and is true to life. Another story that will appeal to most everyone is the latest Gaumont "Mistrust." This is one of those stories that is interesting. There is still another picture in addition to Mr. Baldwin's new song, "Let Me Call You Sweetheart." The orchestra will have on a new programme of popular airs.

Negotiating for the Output.

Mr. E. L. Commins, of Charleston, S. C., representing a fertilizer company, has been in the city for several days on business in connection with the company. He is negotiating with the B. F. Keith Co., for the output of the company's filler material, which contains a very high grade phosphate and lime. It is understood that the deal will probably be closed within a few days. Mr. Commins stated last night that the chances are that between five and twenty thousand tons of the material would be used in this section, which he proposes to sell at a figure that will make it be in reach of all the farmers. He realizes that the use of lime with phosphate is the keynote to the reclamation of sour and worn-out lands. Mr. Commins will leave this morning for his home, but will return shortly to push his new product.

Baltimore, Md., June 5.—"Sailor" Glavin, middle-weight champion of the United States navy, got the decision over George Ashe, of Philadelphia, in a 15-round bout before the Gaiety Athletic Club here tonight. In only one round, the 13th, did he do any damage.

BEACH SEASON IS NOW ON

Both Hotels Open and the Cottages Also Doing Good Business—Large Crowds Attended Sunday Concerts.

The Wrightsville Beach season of 1911 can now said to be fairly begun and it is expected that here will be several hundred arrivals this week. Already there are a large number of guests at both the Seashore and Oceanic Hotels, while there are quite a few at the cottages. The hotel men say that by the 10th every room in their large hostelries will be filled. The statement is based upon the number of reservations already made.

Sunday was a scorcher in the city and as a result several hundred persons went down to the beach in the afternoon and evening to enjoy the refreshing breeze. Another feature which served to draw the crowds was the concerts given by the Lumina orchestra, the first at 4 o'clock and the second at 8:30 o'clock. Both were highly enjoyable. The crowd to visit the beach Sunday was unusually large for this season of the year and quite a number were in the surf during the afternoon.

The Seashore Hotel orchestra, composed of five ladies, arrived Sunday and gave the first concert yesterday. The following compose the orchestra: Mrs. Harry Linden, first violin; Miss Agnes Tully, second violin; Miss Catherine Neal, flute; Mrs. Julius Furman, piano, and Miss Florence Mills 'cello. The orchestra is just from the Stratford Hotel, Chicago, and is probably the finest the hotel has ever engaged. The following guests arrived Sunday: Messrs. R. O. Campbell and J. B. Campbell Atlanta, Ga.; Mr. and Mrs. Geo. A. Simpson, Pittsburg, Pa.; Mr. E. M. Wright, Washington; Mr. Irving W. Ryttenberg, Sumter, S. C.; Dr. C. F. Strosnider, Goldsboro; J. H. Hall, Macon, Ga.; Mr. J. M. Dalton, Winston-Salem; Mr. W. C. Carrington, Spartanburg, S. C.; Mr. W. A. Smith, Goldsboro; Mrs. Fannie Morrow and Miss Morrow, Fayetteville; Messrs. N. A. Townsend, J. C. Clifford and J. J. Wade, Dunn; Mr. J. W. Coppedge, Greensboro, N. C.

The Oceanic Hotel improvements are about completed and the finishing touches will be given in a few days. There are already a large number of guests at the hotel. The orchestra will arrive and bagin concerts on Saturday. The arrivals Sunday were: Mr. W. L. Rowe, Reading, Pa.; B. C. Summers, Atlanta, Ga., and Mr. and Mrs. E. G. Davis, Fayetteville, and also many Wilmington people spent Saturday night and Sunday there.

ANTI-RECIPROCITY CARRIED.

Iowa Elects Republican Opposed to Taft Treaty.

Council Bluffs, Ia., June 5.—Judge W. R. Greene, Republican, was elected to Congress today to fill the vacancy caused by the resignation of Judge Walter I. Smith, by an estimated plurality of 1,200. His opponent was W. S. Cleveland, of Harlan. The Canadian reciprocity agreement was the issue, Judge Greene declaring against the pact.

"What a Relief!"

NEW TRAIN SERVICE TO WEST

Southern Inaugurates Schedule Between Goldsboro and Asheville —North Carolina Affairs in Washington.

(Special Star Correspondence.)

Washington, June 5.—Next Monday trains Nos. 21 and 22, on the Southern, will be run between Waynesville and Goldsboro. The through schedule will be: No. 22, leave Waynesville 7:30 A. M.; leaves Asheville at 9. Arrive at Goldsboro 9:30 P. M.

No. 21, leave Goldsboro 6:45 A. M.; arrive Asheville 7:40 A. M. Receive connection from Carolina special. Arrive at Waynesville 9:15 P. M.

W. T. Lee, one of the North Carolina Railroad Commissioners, spent several days here trying to bring about this change of schedule. The Southern has just announced its programme.

This will give a better service between the West to the East. Trains Nos. 15 and 16, between Asheville and Waynesville, will be taken off.

Senator Simmons is kept busy, nowadays, denying rumors and stories. He nailed the Lorimer yarn to the effect that he and the Illinois Senator were interested in timber lands in the State and elsewhere. He denied the story that credited him with great wealth. He has informed a constituent that he is not a lumber prince. The last story that he met with a denial told of an alleged agreement with one of the candidates in the Senatorial race to get out if he could bring about his election.

Senator Overman's bill, providing for the execution of a suitable and creditable painting depicting the scene of the baptism of Virginia Dare, the first known celebration of the Christian sacrament on American soil, will pass Congress. The sum of $10,000 is requested for the purpose. Such a picture would help very much to preserve the history of Virginia Dare, the first white child born in this country.

Virginia Dare was baptised on Roanoke Island, on the shores of North Carolina, on the 18th day of August, 1587.

The Overman bill calls for a painting that will rank with the notable paintings depicting and perpetuating other historic scenes of national interest which now adorn the walls of the National Capitol.

The Virginia Dare picture should be by the side of the Pocahontas painting.

Representative Faison has introduced a bill to increase the salaries of lighthouse keepers $100 per year.

Professor Harper, of Raleigh, piloted a party of school teachers and boys and girls to Washington last week. The party was here several days, seeing the city.

This should encourage others to do the same. The South can learn a lesson from New England in this form of education. Thousands of New England people come here every year to see the capital city. They get a look at it and in the White House, the Library of Congress, the Capitol and other public buildings. They see the beautiful trees and lawns and some of our leading statesmen. A visit to Washington should prove instructive and valuable to school folks.

A north Carolina girl came here from the Jamestown exposition. As she stood in the $6,000,000 capitol and gazed about at the grand work of Uncle Sam, she said: "I am so glad that I came to Washington. Just to think that I am part owner in this grand building! It makes me a better American."

Professor Harper has inaugurated a worthy move.

Messrs. J. H. Chadbourn, C. C. Chadbourn and Walker Taylor, of Wilmington, are in the city. They had a conference with Senator Simmons this afternoon.

H. E. C. BRYANT.

CASE OF YOUNG BARNETT.

Arrested in Wilmington Has Been Returned to Newbern.

(Special Star Telegram.)

Newbern, N. C., June 5.—Several days ago, S. H. Barnett, a young white man about 24 or 25 years of age, and who was in the employ of the Hall Tailoring Company, in this city, embezzled $240.00 of that company's money and skipped out. For a day or two all trace of the fugitive was lost but Friday it was learned that he was registered at the Bonitz Hotel, at Wilmington, and a warrant for his arrest was sworn out. Sheriff Biddle wired Chief of Police Fowler at that place to arrest Barnett who was registered under the cognonem of Barnes and within 30 minutes after the telegram had been received he was in the toils of the law. Sunday morning an officer was sent to Wilmington after the young man and he was brought back to this city and placed in jail. This morning he sent a telegram to his mother who lives in Augusta, Ga., telling her of his predicament and asking her to aid him by sending him $240.00 so that he could return the money to his employer and escape prosecution. Late this afternoon, however, the matter had not been satisfactorily arranged and Barnett is still behind the bars.

Barnett is a young man of good appearance and does not have the look of a criminal at all. He says that the predicament he is now in is the result of his own foolishness. That he got on a big drunk and spent the money that belonged to some one else. He said that he stayed in Wilmington three days before his arrest and could have left there before his arrest if he so desired, but that he did not want to run away from the law. Taken as a whole, he seemed unconcerned as to the ultimate outcome of the case. The charge is a rather serious one and unless he repays the money to the company and they withdraw their charges against him it will doubtless go hard with him when he is brought to trial, for the evidence is such that clearly shows that he embezzled the money.

BANK OF LAGRANGE CLOSED

Affairs Taken in Charge by Corporation Commission Upon Reports From State Bank Examiner. Other Raleigh News.

(Special Star Telegram.)

Raleigh, N. C., June 5.—The Bank of LaGrange, at LaGrange, Lenoir county, N. C., was closed today by order of the State Corporation Commission. Reports from the State Bank Examiner showed that the bank was in an unsafe condition, it is said, by unsecured paper and overdrafts amounting to $12,000. The bank's capital is $10,000.

Mr. Doughton made an examination Saturday and reported his findings to headquarters today. What makes the situation all the more serious is the fact that the commission criticised the bank last October, following an examination by Assistant Examiner C. V. Brown, the officers at that time promising to conduct the institution according to law, and informing the commission later that they had complied with the banking laws. In less than 30 days after the examination, however, the officers began making alleged bad loans and permitting overdrafts. These caused the commission to have the bank closed. It is believed that the depositors will be paid in full. The bank at LaGrange was established in 1906 with $10,000 capital stock. John B. Wooten is president and L. F. Davis is cashier.

Henry Ward Montague, a young farmer of the Eagle Rock section of the county, was committed to jail this afternoon for the killing of J. B. Robertson early last night. The killing was the result of ill feeling on the part of Robertson because Montague was going with his sister. Five shots were fired by the young men, three by Robertson and two by Montague. Miss Flossie Hicks, at whose home the shooting occurred, threw herself between the men in an effort to prevent trouble, and a rain of bullets flew past her. Robertson fired first, the ball going through Montague's right arm. When Robertson fired again, Montague shot him twice, first in the chin and next in the chest. Though mortally wounded Robertson raised up and banged away at his adversary, the bullet tearing through the skirts of the young woman. Montague surrendered. He will be given a preliminary hearing Thursday at noon.

RACE ISSUE IN INDIANA.

State and Federal Laws Conflict as to Disfranchisement Clause.

Annapolis, Md., June 5.—A unique situation exists here with regard to the registration of negro voters for a municipal election next month. The last Legislature passed an election law for this city containing the so-called "grandfather" and property qualification clauses designed to disfranchise negroes in elections for local offices, and the heavy negro vote was practically eliminated at the last election. The negroes appealed to the United States District Court, which decided that the law is unconstitutional and the registrars are liable for damages.

The case was taken to a higher court where it is pending. Today was the first of three days for registration and the registers, who faced an infraction of the State law if they registered more than half a dozen negroes who could comply with the law, or a possible violation of the Federal constitution if they refused to do so, neither qualified nor put in an appearance at the places of registration.

Colorado Springs, Colo., June 5.—Mrs. William Elliott, younger daughter of David Belasco, a New York theatrical manager, died today. Mrs. Elliott was brought to Colorado Springs three weeks ago for her health. Mrs. Elliott was Miss Augusta Belasco. She was married Jan. 22nd last. Her illness followed almost immediately. She spent two months at Asheville, N. C., hoping that the thin, dry air would restore her to health, and left Asheville for Colorado Springs.

AWFUL BLIND DIZZY SPELLS

Wilmington, N. C.—"I used to have headaches, and blind dizzy spells and weak cold spells went all over me.

"I had different doctors, who were not able to tell me what was wrong, so I began to take Cardui.

"After taking it regularly, for some time, I got well and am now all right, in good health, better than I have been in, for 10 years.

Remember that Cardui is a remedy for women—has been in use by women for nearly a lifetime. It is not an untried chemical combination, but is a vegetable extract, made from herbs, the real curative merit of which has been proven by time.

So you can absolutely rely upon it just as you rely upon a hot water bottle for pain—because other people have done the testing and you are able to profit by their experience.

If you want further proof, your druggist will tell you about it. Ask him. Get Cardui at his store.

JNO. R. SMITH SHOWS.

Peck of Trouble at Rocky Mount—Big Mail Handled.

(Special Star Correspondence.)

Rocky Mount, N. C., June 5.—The John R. Smith Shows certainly found Rocky Mount a Jonah town on their first visit here last week. Not only did they do a poor week's business, having two rainy nights, the first after many weeks of drought, but on Friday night the canvass caught fire at the wild animal show and a goodly part of the tent was consumed, while on Saturday night the officers for the county and State and the city taxes made things lively for a time. It was reported that the deputy sent for collecting for the county was hit over the head with a bottle, but this later proved to be untrue. The carnival found it lively times in their efforts to get out of the city on Sunday, but matters were finally set aright when the city held two of the horses for taxes, the county was paid the money. The management of the carnival company, Mr. Smith, was not present Saturday and Sunday, he being in Richmond where he was discharging the advance agents' job and for which place the carnival company left on an afternoon train late Sunday afternoon.

An interesting report as to the large volume of business handled through the Rocky Mount postoffice has just been forwarded to the department at Washington by Postmaster Robbins. The report is in accordance with the ruling of the department that during the month of May every piece of mail arriving and departing from the local postoffice should be counted, and for the 31 days in May the recently completed report shows 94,387 pieces of outgoing mail handled There were 129,682 pieces of incoming mail handled, making a total of 224,069 pieces disposed of through the local office. Of this amount of mail the city carriers collected from boxes 6,627 pieces and delivered to their patrons 41,379 pieces, making a total of 48,006 pieces handled by them. The rural carriers, six in number, collected 6,039 pieces and delivered to their patrons 26,964 pieces, making a total of 33,403.

Foley Kidney Pills

TONIC IN ACTION ✦ QUICK IN RESULTS

Give prompt relief from BACKACHE, KIDNEY and BLADDER TROUBLE, RHEUMATISM, CONGESTION of the KIDNEYS, INFLAMMATION of the BLADDER and all annoying URINARY IRREGULARITIES. A positive boon to MIDDLE AGED and ELDERLY PEOPLE and for WOMEN.

C. H. Ellsworth, Rochester, N. Y., says: "For sometime past I have been bothered with weak kidneys and bladder trouble. The action was very irregular and attended with much pain. Foley Kidney Pills gave me immediate relief and strengthened me wonderfully, and I am more than pleased to recommend their use."—R. R. Bellamy.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

Tuesday, June 6, 1911.

The Lorimer investigation will now be on again at Washington.

Of course, a town is looking up when it has a skyscraper, but it should not permit itself to drag along in the one skyscraper class.

We'd rather be ExPresident Diaz seeing Paris, with $3,000,000 to pay expenses, than be President Diaz seeing trouble in Mexico.

The people stand for a whole lot of things they ought not to stand for. In fact, some men ignore people who lie low and let it be rubbed into them.

When Governor Woodrow Wilson swing aroung the circle it starts the satellites to revolving in the same direction in the circle through which he has passed.

Says the Washington Herald: "Let us have the facts." Well, it may be all right to let the Herald have the facts but it should be careful how it enlarges upon them.

Ex-President Castro, of Venezuela, may turn up any day and keep it from being dull. Anyhow, it is said he has skipped away from Europe and is on his return to Venezuela under an assumed name.

William Wadsworth, poet, wrote: "I wandered lonely as a cloud that floats on high o'er hills and dales." That was a flight of imagination at the time it was written, but an aviator can literally do that in the present period.

Many a man prides himself on being progressive in thought because he agrees with somebody else who thinks. Some men's thinking is called progressive thoughts, whereas they have been putting in extra time thinking up some new kind of devilment.

Ex-President Roosevelt in a recent Decoration Day address said: "I do not believe in lying whether it be national or international." Of course, it isn't necessary to be going around lying on a scale like that. Just ordinary small lying is a man's greatest danger.

Governor Woodrow Wilson commended the Democratic House caucus for sticking to the House Ways and Means Committee in its action on the wool schedule. The Star did so first and is pleased to be in accord with the man who may be the next President.

Some fellow who has been sending in a monthly return of $5 to the government conscience fund, signs his name John Smith, although he says this is not his real name. This lets the Smith family out, although people who know the Smiths are fully aware that most of them are good citizens.

The Washington Post observes: "It will be recalled that some of the magazines which have just created a six-cylinder trust were the loudest shouters a while ago about an alleged money trust to muzzle the muckrakers." With a great many people, it is owing to whose monopoly it is as to whether they are down on monopolies or not.

In a recent sermon the Rev. J. E. Bell, of Chicago, declared with exultation: "Women are coming into their own." It is hardly necessary to say that we are glad of it, too, and then there's another thing. Women generally insist that "their own" shall come to them—that is they should come home at such a reasonable hour as not to call for prevarications to make late home coming look right.

SETTLING CUT-OVER LANDS.

The Hon. Joseph A. Brown, the thriving town of Chadbourn, and eastern North Carolina are getting a great deal of publicity, North and South, because of a recent editorial on the value of cut-over timber lands as a means of attracting settlers to the South. We had special reference to the longleaf pine lands which have been exploited by saw mills till they have been stripped of timber and abandoned for other forest sections.

These lands are peculiar to eastern North Carolina and also to the Atlantic and Gulf coastal regions from North Carolina to Texas. Georgia has a great area of the kinds of lands referred to in the Star's editorial on the prosperous colony of Chadbourn, which was pointed to as an example of what could be done with the South's cut-over lands. The Savannah News, taking up the subject, discusses it in this editorial:

"North Carolina as well as Georgia has her 'Little Joe' Brown, and North Carolina's 'Little Joe' also does things. A thing he has done to which we desire to call particular attention, because it affords a valuable object lesson to our own people, is his creation of a prosperous farming colony in a cut-over section of pine land that 20 years ago wasn't worth $1 an acre with the timber off. 'Joe' Brown's farm colony is at Chadbourn, on the Atlantic Coast Line, in Columbus county, some 53 miles on this side of Wilmington. Twenty-odd years ago a big lumber concern got in there and cut down and then cut up all of the pine trees that were worth while. The lands were left bare of about everything except possibly grass enough for a rabbit to hide in. Then came along 'Little Joe' Brown, who had saved a few dollars from carrying daily a mail bag ten miles on his back. 'Little Joe' looked over the situation and reached the conclusion that the cut-over lands would make good farms. The climate and the drainage were perfect, and there occurred to his practical mind no good reason why there should not be fine farms where there had formerly been fine forests. So he invested—plunged—in the lands and started a campaign of publicity to induce settlers from the Middle West and the Northwest to come in and build homes.

"For five or six years 'Little Joe' had pretty hard work. At times he was hanging on by his eyebrows. But now his colony is one of the show places in agricultural North Carolina and its promoter is living on the shady side of Easy street. He is a State Senator and can draw his check with six figures after the dollar mark. The point we wish to emphasize is this: that these North Carolina cut-over pine lands are identical in character with the cut-over pine lands of South Georgia. The climate is the same, the natural drainage is the same. If the North Carolina colony finds it so profitable to grow onions, strawberries, cabbage, beans, peas, tomaties and corn on cut-over pine lands, why is not the same sort of thing possible in this section? There is only one conclusion to be drawn, and that is that we are not making the best of our opportunities. There are tens of thousands of acres of cut-over lands in South Georgia that would make as good farms as any in the country. These lands are now to be had at low cost. After a bit we shall have some of these 'Little Joes' to take hold and show us how to develop our resources. We hope that most of them will be native; but we shall welcome all in their coming."

The esteemed News adds interest to the subject, and we reproduce the above in order to keep it alive so eastern North Carolina will bear it in mind as a splendid opportunity for attracting settlers from among those people of the United States who are sending thousands of settlers into the cold regions of Canada. However, it should be stated that North Carolina's Joe Brown cannot be classed as "Little Joe" Brown in any particular. In stature and avoirdupois he is a pretty hefty citizen and as an able North Carolinian and type of progressive man, Chadbourn's Joe Brown measures up to a fine standard. He has long been ranked among the Congressional timber in this district.

A CONSISTENT BOOSTER.

It is hoped no Wilmington man will consider himself a booster in good standing till he practices what he preaches. Many a man has presented himself in the ante-room as a candidate for initiation into the sublime circle of Bully Boosters without any pledge that he will not violate the secrets of the order, which is to talk Wilmington at home and abroad and work for Wilmington in every possible way. Of course, it is understood that a candidate will do all of that, but he should understand that talking and working for Wilmington are capable of wide and far reaching interpretation and then some more.

A booster should study every day the optimistic principles of boosterism and he will come to the conclusion that there is no end to "talk" and that there is talk of even more kinds than a woman can think of. Furthermore, that "work for Wilmington" can be interpreted a thousand ways and have all sorts of amendments worked into it as readily as the Supreme Court can sit on the bench and make the Sherman anti-trust law say what it means and a whole lot of things that it doesn't mean.

One of the interpretations of "work for Wilmington" is that a booster shall attend the meetings of the Wilmington Chamber of Commerce and do something. One of the principle things that come under the head of "do", is to do all that he can to get manufacturing enterprises established in Wilmington, and to "do" all he can to aid in making a success of the industries that are to be established here and which are already here helping to make Wilmington. He can do his work for Wilmington by patronizing home industries and by getting others to do the same, especially those away from home.

If a booster doesn't do this he is an inconsistent booster and has to "get right" so he can get in the game right. Home patronage means a great deal to a local manufacturing plant, and as examples always strongly emphasize a fact, consider for a moment what $105,000 in orders for a local manufacturer would mean. Well, that $105,000 in orders is what an enterprising merchant in a South Carolina town sent in to a new manufacturing plant in his town.

Wherefore, that South Carolina merchant is a consistent booster. He talks his town and his money talks for his town. He works for his town and the most effective work he can do is to build up a factory in his town by keeping it busy filling his orders. The factory alluded to was started up last August and in less than a year the booster merchant has given it business that actually means "encouraging industries."

No booster is consistent unless he practices what he preaches.

INDUSTRIAL MEETING TODAY.

Every citizen of Wilmington interested in an attractive proposition to establish in their city an industry which appears to us to be gilt-edged as an investment, should no fail to attend the citizen's meeting called for that purpose at 4 o'clock this afternoon at the roms of the Chamber of Commerce. The indusetry is to be a branch of a big manufacturing concern of established business, located in a Northern city, and which has a large business in North Carolina and other Southern States. Four branch manufacturing plants will be established in the South to supply the Southern territory, and the industry and the plans will be fully explained at this afternoon's meeting. Ample opportunity for investigation is offered, and it is for the business men of Wilmington to look into it and cinch what has already struck many of Wilmington's leading men as an enterprise of merit and promise.

CURRENT COMMENT.

For the last 15 years all a Democratic caucus in Congress was ever called on to do was to vote "No." That was simple. Almost anybody could do it. It's a very different proposition when the cancus is called on to adopt a really constructive policy—on wool, for instance.—Kansas City Star.

Now the criminal suits already brought by the government against the directors of the beef trust, sugar trust, lumber trust and other like offenders may be pushed merrily forward. The Supreme Court has made it as clear that President Taft is on the right track in dealing with these cormorants as that his predecessor in office was wrong in depending on "big talk" where the "big stick" was the proper weapon.—Philadelphia Record.

Gov. Blease, of South Carolina, seems to have tapped a live wire when he struck Attorney Thomas Felder, of Georgia. Gov. Blease accuses Mr. Felder of being mixed up in some sort of dispensary transaction, and Mr. Felder comes back with the statement that he has got documentary evidence to show that the Governor knows a lot about rebates and things. Both men are fighters and the controversy between them has gone to the point where there has got to be a showdown. One or the other is due to get a severe bump.—Savannah News.

Once again Mr. Edison has announced the perfection of his "indestructible" storage battery. He told the National Electric Light Association about it in New York the other evening. Mr. Edison said that he had placed a set of the batetries in a light runabout automobile, and on a three-minute charge had run the machine sixty miles. The set of batteries, he said, would fit in a suitcase and a man could carry the outfit in one hand. Mr. Edison has been talking about this wonderful battery for five or six years. It is certainly to be hoped that he has found what he has been looking for. The country needs a cheap and "indestructible" electric battery.—Savannah News.

CIVIL SERVICE COMMISSION

Adopted Form to Be Used by Applicants for Positions.

The Civil Service Commission of the city government held a special meeting last night at which the form to be used by applicants for positions in the police and fire departments was adopted. Copy wil be given to the printer right away and as soon as the forms have ben printed and distributed among applicants and prospective applicants for positions in the two departments another meeting of the commission will be held for the purpose of passing on the applicants. The meeting last night was attended by Messrs. C. F. W. Rehder, and S. J. Ellis, members of the Commission; Capt. Thos. D. Meares, City Clerk and Treasurer, and also clerk of the Commission, and Chief of Police John J. Fowler.

MR. GEORGE HARRELL DEAD.

Well Known Merchant Passed Away Early Yesterday Morning.

Many friends learned with sincere regret of the death of Mr. George Harrell, a well known merchant, which occurred at his home, No. 701 South Sixth street, at 1 o'clock yesterday morning, following an attack of apoplexy with which he was seized a few days ago. He was 46 years old and is survived by his wife and five children, these being Misses Kate Vincent Harrell and Augusta Harrell and Messrs. W. A. and George Harrell, of Wilmington, and Harry Harrell, of Jacksonville, N. C. They have the sympathy of a great many friends in their bereavement. For some years Mr. Harrell was engaged in the mercantile business at corner of Sixth and Queen streets and was well known and held in the highest esteem by a wide circle of friends. He was a member of the Primitive Baptist church and the funeral services were held from the residence at 2:30 o'clock yesterday afternoon. The body was taken on the afternoon train to Dixon, Onslow county, where the interment took place.

GOES TO RALEIGH.

Mr. W. M. Wiggins Leaves Gerken Tobacco Co., Returns to Banking.

Mr. W. M. Wiggins, who for the last year or longer has been with the Gerken Tobacco Co., in this city, has resigned his position and left Sunday for Raleigh where he becomes receiving teller in the Merchants' National Bank, of that city, being again associated with Mr. W. B. Drake, Jr., who is pleasantly remembered as formerly cashier of the Southern National of this city, while Mr. Wiggins was connected with the same bank. The retirement of Mr. Wiggins from the Gerken Tobacco Co., brings about a re-organization of the company, Mr. W. I. Baxter becoming president; Mr. W. A. Ramer, formerly of Virginia, and a relative of Mr. Baxter, secretary and treasurer, and Mr. W. M. Bolin, assistant secretary and treasurer. Mr. Wiggins carries with him to his new home the very best wishes of a host of friends for his continued success and happiness.

AUTOMOBILE TAX.

Sheriff Cowan Issues Timely Warning to Owners—Schedule B.

Sheriff Cowan calls the attention of automobile owners in this county to the new law governing the tax upon these machines which is now payable to the State instead of to the county through the sheriff's office as formerly. Owners would do well to apply at once by letter to the Secretary of State for license, the cost of which is $5 for the first year and $1 for each year thereafter. Under the new law owners must get their license at once for the month of June and then on the first of July renew the same for another year at a cost of $1.

In the same connection Sheriff Cowan gives notice that Schedules B and C, taxes are now due and payable and that under the law he is required to make presentments to the grand jury unless payments are promptly made. He regrets very much to resort to this procedure but the taxes are now due and must be paid at the office of the sheriff.

GRANDMOTHER'S BEAUTIFUL HAIR

Color and Beauty of the Hair Preserved With a Harmless Remedy Made from Sage.

Druggists everywhere comment on the fact that they are selling large quantities of sage for making old-fashioned "sage tea," such as was used by our grandmothers for promoting the growth of their hair, making it fluffy and beautiful and restoring its natural color.

The demand for this well-known herb for this purpose has been so great that one manufacturer has taken advantage of the fact and has placed on the market an ideal "sage tea," containing sulphur, a valuable remedy for dandruff and scalp rashes and irritations, called Wyeth's Sage and Sulphur Hair Remedy.

The manufacturers of this remedy authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agent: J. Hicks Bunting Drug Co., Front and Grace streets.

BOYS' BRIGADE.

Annual Outing Tomorrow at Carolina Beach — Delightful Affair.

The big event of the week will be the annual excursion of the Boys' Brigade to Carolina Beach on the steamer Wilmington tomorrow and unless all signs fail there will be an immense crowd. The committees in charge are working hard to make a great success of the day and many tickets have already been sold. There will be three trips of the steamer at 9 A. M., 2:30 and 7:45 P. M. and there will be "something doing" every minute of the time at the beach. The best of order is assured both by the Brigade and by Capt. Harper and this makes assurance doubly sure. At the beach the music will be by the old Tarrymoore orchestra and there will be dancing all day. Then in addition there is to be a big programme of athletic events under the direction of Mr. Chas. Dushan with many other interesting features of entertainment for all who attend. Better secure a ticket early, as the capacity of the boat is limited.

WHAT I WENT THROUGH

Before taking Lydia E. Pinkham's Vegetable Compound.

Natick, Mass.—"I cannot express what I went through during the change of life before I tried Lydia E. Pinkham's Vegetable Compound. I was in such a nervous condition I could not keep still. My limbs were cold, I had creepy sensations, and I could not sleep nights. I was finally told by two physicians that I also had a tumor. I read one day of the wonderful cures made by Lydia E. Pinkham's Vegetable Compound and decided to try it, and it has made me a well woman. My neighbors and friends declare it had worked a miracle for me. Lydia E. Pinkham's Vegetable Compound is worth its weight in gold for women during this period of life. If it will help others you may publish my letter."—Mrs. NATHAN B. GREATON, 51 N. Main Street, Natick, Mass.

The Change of Life is the most critical period of a woman's existence. Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

PRESENTATION OF MEMORIAL

Gift of Mrs. Joseph Price to the Seamen's Bethel in Memory of Her Son, the Late Mr. James W. Price.

Exercises of more than ordinary interest and unusually impressive were held at the Seamen's Bethel Sunday afternoon at 3:15 o'clock at the hour of regular Sunday afternoon religious service, when Rev. Dr. A. D. McClure, pastor of St. Andrew's Presbyterian church, presented to the institution in behalf of Mrs. Joseph Price, a memorial of her son, the late Mr. James W. Price. It was the second anniversary of his death and it was also remarked that the day was observed as Whitsunday in the church of which Mr. Price was a devoted communicant.

The memorial is a handsome brass reading desk mounted in gold and oak with a tablet inscribing the name of birthday, December 21st, 1875, and date of death, June 4th, 1909, of Mr. James W. Price, making Sunday the second anniversary of his passing. The base of the desk needed to be raised a few inches and the work was done without charge by ex-Alderman S. J. Ellis, of the A. C. L.

The gift was accepted in behalf of the institution by the president, General James I. Metts, and there was a beautiful response by Mr. Jas. Sprunt, in behalf of members of the board. The secretary, Mr. Thos. E. Wood, was authorized to make a full record of the proceedings. The music chosen for the meeting were Nos. 31, 32 and 37, of the Gospel Hymns, and the chapter read was John 16:19-21. Fitting reference was made to the fact that it was Whitsunday in the church of which Mr. Price was a communicant, and the appropriateness of the presentation of the gift on this day was recognized with feeling by all present. The remarks of Dr. McClure in presenting the gift had special reference to the day and the work of the Holy Spirit in the life of Mr. Price, to whom this fitting memorial was given. Mr. Price was especially devoted to the institution. In accepting the gift in behalf of members of the Board, Mr. Sprunt said:

This fitting memorial, from a wife and mother of two beloved townsmen, is accepted by the Seamen's Friend Society, of Wilmington, with a grateful sense of its significance.

The father, Captain Joseph Price, was a master mariner by profession, and commanded in the year of 1862 a Confederate gunboat. He was later first officer of the Confederate privateer "Retribution," but his greatest service to the Confederacy was rendered in his memorable night attack upon the fine U. S. man-o-war "Water Witch," a favorite ship of the Federal navy. Lieutenant Pelot, commanding the expedition, was killed while boarding the "Water Witch." Lieutenant Price immediately assumed command, and captured the "Water Witch," in what was termed one of the most spirited engagements of the war. He was badly wounded by a saber cut on the head, but continued fighting, hand to hand, until he had cleared the quarter deck, when the enemy surrendered. His modest official report was characteristic of the man. After the war he served for many years as our Harbor Master, identified until his death with the maritime interests of this port, beloved by his friends and generally esteemed by the community.

The son was affectionately known to us all, as Jimmie Price, and he served for many years as one of our trustees. He was physically afflicted from his birth, but he bore his infirmity with gentle patience and Christian fortitude, and we loved him. A master mind, an enfeebled body, and a difficult utterance, he fought against overwhelmingly odds, with a smiling face and knightly courtesy. He became a man in years, and had nothing in common with manhood but its infirmities; but, like the "little gentleman" he was, he loved the old place where he was born, and he learned to accept meekly what had been allotted him; and when at last he fainted under the cross, which was laid upon him from infancy, it was to take the crown which his Righteous Judge had promised him. For many years he sat with us at these meetings, through sunshine and through storm, ever punctual and reverent, and he took a prominent part in this honored institution, which has for three quarters of a century rescued the perishing souls and bodies of the men of the sea.

"He never tried to preach or set you right;
He thought all others better far than he;
And so he showed by life, instead of words,
The wondrous beauty of humility.

He did not worry to reform the world.
He knew God's ways, though slow, wer always sure;
He only struggled to reform himself
By steadfastness and patience to endure.

He would not prate about the want of love,
Nor yet the lack of faith, in human mind;
He never spoke about these things at all,
Only he never failed in being kind.

One single passion held his heart in sway:
An earnest craving for the pure and true;
And though at times God's face felt far away,
His earth-dimmed eyes so deeply yearned to view.

Still, in the dark as in the light, he smiled!
He said the sun was shining all the time!
And, for the things he could not understand,
He hoped and trusted in a Love sublime."

BOARD OF COMMISSIONERS

County Fathers in Regular Monthly Session Yesterday Afternoon—Routine Business—Automobile Speeding—Notes.

The regular monthly meeting of the Board of County Commissioners was held yesterday afternoon, but the business transacted was largely routine and unimportant. The usual monthly reports were received and approved, plans were laid for a renovation and improvement of the Court House; the violation of the automobile speed laws was discussed and a number of other matters were considered, but no definite action was taken.

The Board met at 3:30 o'clock and in the absence of Chairman McEachern Commissioner Divine was called to the chair with Messrs. Kerr and Metts in attendance; also Register of Deeds John Haar, Clerk officio. Minutes of preceding special and regular meetings having been read and approved, a communication was read from Sheriff S. P. Cowan asking the co-operation of the board in abating the nuisance of automobile speeding and blowing of horns late at night. The matter was discussed at length and the clerk was instructed to write the sheriff, inviting him to appear before the board Thursday afternoon and point out to the Commissioners wherein they may be of assistance to him in correcting the trouble.

A communication was read from members of the local bar, requesting certain improvements as to floor covering and chairs in the court room and in the office of the clerk of the Superior Court. The communication was referred to the chairman of the Public Buildings Committee.

A petition from certain citizens, asking for the improvement of a road by Macomber's store to Wrightsville Sound was read and action deferred for a full meeting of the board.

The report of the Associated Charities for the month of May was read and ordered on file. A. C. Ormsby was exempted from poll tax on account of physical disability.

Dr. W. D. MacMillian, county superintendent of health, reported 13 cases of smallpox, one of scarlet fever and nine of typhoid fever throughout the county during the month of May. One case of dysentery at the camp and one of fever at the farm constitute the acute sickness in the county institutions, all of which were reported in good sanitary condition. One hundred and forty patients were treated in the office during the month. There was less measles, whooping cough and influenza in May than in the previous month.

A communication was read from the County Board of Education, recommending the special school tax levy of 15 cents on the $100 valuation, and 40 cents on the poll, the same as last year.

The former motion as to automobile speeding and blowing of horns was reconsidered and after further discussion, the chairman was appointed to confer with the sheriff and take such action, the purchase of a motorcycle or otherwise, as to abate the nuisance.

A communication was read from Judge R. B. Peebles, presiding at the present term of court, stating that "at Dr. Russell Bellamy's request" he wrote to say that if the Board would allow Dr. Bellamy $100 or $150 for his services in the case of State vs. J. C. Holly, that he would approve it but not for more than $150. Upon motion of Mr. Kerr, the amount of $50 previously allowed and approved by Judge Peebles, was not increased.

Upon motion of Mr. Divine, the board decided within the next few weeks to make a thorough inspection of the Court House building with a view of later having the building thoroughly renovated and improved, the work to be in charge of the committee on public buildings.

Upon motion of Mr. Divine the office of engineer of roads was abolished from date, the road committee being of the opinion the work can be done much more economically by employing an engineer as needed.

The Register of Deeds requested a third typewritter for the recording of deeds, etc., in his office, stating that the volume of transactions in the office are much greater than ever before. The request was referred to the committee on public buildings with power to act.

The board adjourned subject to call of the chairman, it being understood that the commissioners will be in session from day to day for some time for the purpose of revising the jury list.

PHILATHEA EXCURSION.

Moonlight Trip on Steamer Wilmington Friday Evening—Fare.

The Philathea Class of Fifth Street M. E. Church invites all its friends and the general public to go on a moonlight excursion down the river Friday evening, July 9th. The steamer Wilmington leaves her wharf at 7:30 P. M. and music and refreshments will be provided for the enjoyment of all who are so fortunate as to take the trip. The fare for the round trip will be only 35 cents. On the trip the steamer will stop at Southport and Bald Head lighthouse and those who do not care to go out as far as the bell buoy may stop at Bald Head until the return of the steamer. During the very warm weather and these pretty moonlight nights, this trip will be especially pleasant for all and a very large crowd is expected.

CASES IN SUPERIOR COURT

J. E. Mintz Recovers From Virginia-Carolina Chemical Co., on Contract—Only One Session a Day This Week.

Owing to the very warm weather, Judge R. B. Peebles at the request of the bar decided to hold only one session of court a day this week, convening at 9 A. M. and holding until 2 P. M. It is felt that even more work may be done in court in five continuous hours than would be done if two sessions were held during the day, and this arrangement certainly is much better for His Honor, lawyers and court officers. Two cases were tried before a jury yesterday.

A trial of right much interest was that of J. E. Mintz against the Virginia-Carolina Chemical Co., an action to recover an amount alleged to be due on salary. The plaintiff alleged that he contracted to work for the defendant company for a period of one year at $15 a week and that before the date of the termination of the contract he was discharged from the employ of the company. He sued for the amount which would have been paid him in salary had he been continued in the employ of the company. The jury returned a verdict in favor of the plaintiff for the full amount asked for, $324 and interest. The plaintiff was represented by Walter P. Gafford and A. G. Ricaud, Esqs., while Rountree & Carr appeared for the defendant company.

The case of Eliza Herring against Mary Russell, et al., involving the ownership of a house and lot in the city, came to an abrupt end, Judge Peebles, after the taking of testimony had closed, allowing a motion of counsel for the defendant for dismissal. Judge Peebles remarked that neither the plaintiff nor the defendant owned the property, according to the evidence adduced. Joseph W. Little, Esq., appeared for the plaintiff, while A. G. Ricaud and W. P. Gafford, Esqs., represented the defendants.

Continuance was granted in case of W. M. Cumming against Geo. Graham, et al., and 30 days were allowed to file papers.

It is likely that the case of Jesph Jones against the Wynnewood Lumber Co., will be taken up this morning. The plaintiff is suing for $10,000 alleged damages for the loss of a leg in an accident on a tram road while in the employ of the defendant company near Wananish some months ago. Appearing for the plaintiff are K. C. Sidbury and A. G. Ricaud, Esqs., while Rountree & Carr and Herbert McClammy, Esq., appear for the defendant company.

REPRESHING RAIN AND WIND

Storm Broke Over City Early Yesterday Afternoon—Much Welcomed by Sweltering Populace. Hail in Evidence.

After sweltering all morning under a temperature of 94 degrees, the record for the season, Wilmington and vicinity were visited yesterday afternoon, shortly after 2 o'clock, by a most refreshing rain, following a rather violent wind storm from the southeast. The storm first manifested itself in a severe blow that filled the atmosphere with dust and in that respect was perhaps the worst that Wilmington has experienced in several years.

It was but a little while later, however, that the welcome rain came in a driving shower, mixed with a little hail, that soon cooled the atmosphere to a wonderful degree and resulted in great good to parched vegetation. At Wrightsville Beach the wind was quite severe, although no damage was done. The high tower recently erected on the Oceanic Hotel rode out the storm majestically and there was no damage to other property save the blowing down of a few telephone and telegraph poles. Near the four-mile post, on the turnpike, a tree was blown across the road, but this was speedily removed by the county road force. The total rainfall in the city was .90 of an inch, the heaviest here in several months. The rains, too, appear to have been quite general, as will appear from the telegraphic dispatches from several points in the State in this morning's paper. Reports from New Hanover county are that the rainfall was general and that very little, if any, damage was done to truck by the hail.

In the city the wind storm gave some concern, but outside of putting a number of 'phones out of commission, there was little damage save at the new plant of the Pocomoke Guano Co., up the river about two miles. This factory is in process of construction and a part of one of the buildings or chambers was blown down, but the loss is entirely covered by tornado insurance carried with Messrs. Clayton Giles & Son. An effort was made to get in communication with the factory yesterday afternoon and last eveping, but it was stated that the telephone line was down.

From the Weather Bureau reports published on the market page of today's paper, it will appear that the rains have now been pretty general throughout the country and it is believed that the drought which has been so seriously threatening crops has been effectively broken. It was raining last night at 8 o'clock at Savannah and Charleston, and it is thought that showers were general throughout the cotton belt last night.

DEVELOPMENT IN BRUNSWICK

New Railroad Brings About Activity in Trucking Lands—Several New Enterprises Set on Foot During Past Few Weeks.

The Star has just been advised of some rather extensive trucking developments for the neighboring county of Brunswick along the line of the new railroad from Wilmington to Southport. Between Jackie's Creek and El Paso, Mr. R. B. Dyson will sub-divide a tract of several hundred acres of exceptionally fine trucking lands into small farms, ranging in size from 10 to 40 acres, which he will soon place on the market.

Associated with Mr. Dyson in this new enterprise is Mr. Edwin W. Taylor, of Brunswick, a civil engineer and young business man of acknowledged ability and considerable experience in real estate. At El Paso proper, Mr. W. W. Drew and Sheriff Knox are planning for the development of a similar body of land by sub-division into small farms, a good portion of which is under cultivation at this time and is of a very fertile character.

At Landview, where Dr. Goodman has recently erected a saw mill and several single and double-story cottages, he is planning for a similar development. At Town Creek steps are being taken by two or three parties for dividing up large tracts of land into small farms for trucking and other purposes, which will soon be placed on the market. At Bolivia the people are already preparing for strawberries and lettuce another year and as that territory is noted for its productive qualities it is reasonable to expect that the country will hear more from the progress of that place.

Between Bolivia and Southport some Cleveland, Ohio, people, headed by Mr. R. C. Cool, have purchased about 6,000 acres of exceedingly fine land which they have already begun laying plans for developing on quite an extensive scale. This latter company will grow strawberries, dewberries, lettuce, egg plants and various other fruits and vegetables on the intensive farming idea, as a means of demonstrating what can be done with Brunswick county soil.

New railroad facilities have apparently stimulated these people to special efforts along this line and with the result of strawberry growing in other parts of this territory this season as a criterion, there is every reason why the neighboring county of Brunswick should early develop into one of the greatest trucking counties of Eastern North Carolina. It's close proximity to the warm and softening influences of the Gulf stream during the months of February, March and April enables early fruits and vegetables to mature in that section about as early as they do at Charleston and this would be a distinctive advantage to the growers in that territory when it comes to catching the first market.

Wilmington and New Hanover rejoices in every step forward of the neighboring county across the river and hails with delight the bright prospects in store for her and her people. As a matter of fact private families of that county have been growing strawberries and early vegetables for home consumption of the very highest order which serves to demonstrate that ransportation facilities are all that is necessary to make Brunswick a big trucking center. That historic county, will therefore, be welcomed into the sisterhood of the trucking belt. Her fine watermelons, canteloupes, sweet potatoes and other products have long sold at a premium on this market.

THE BAR ASSOCIATION.

Thirteenth Annual Meeting at Lake Toxoway, June 28-30.

Jury Unable to Agree in Case Against Negro for Selling Whiskey.

Thomas Mask Jones, colored, charged with violation of the prohibition law by selling a half pint of whiskey, to J. L. Garner, was given hearing before a jury in the Recorder's court yesterday morning. After deliberating for five hours the jury at 5 o'clock announced their inability to reach an agreement, so a mistrial was ordered. It is understood that 11 jurors were for conviction and one for acquittal. The prosecution was represented by County Attorney Marsden Bellamy and Assistant City Attorney Geo. L. Peschau. The case will be tried again next Monday.

A case against Willie Herring, charged with assault with deadly weapon on his wife, Louise Herring, was continued. It is alleged that he used a razor on his wife. Cases against Messrs. Nathan Schloss and D. N. Stanley, charged with violating the driving ordinance, were continued, while the defendants were assessed the costs in the following cases, charging the same offense, Wiliam Boone, Miles Merrick, D. R. Brady, George Kelly, J. E. Sykes and William Faison. A case against Dr. Chas. T. Harper, charged with exceeding the auto speed limit, was continued. A case against John Robbins, colored, charged with the larceny of clothes from a man named John Clark, at Wallace, was continued until today. The negro was arrested yesterday by Patrolman A. D. Smith. Several drunks were assessed the usual amount for such offenses.

SURPRISE MARRIAGE OF INTEREST SUNDAY EVENING.

A surprise marriage of much interest to many friends in this city, at Wilson, the home of the couple, and elsewhere was celebrated at the home of Capt. and Mrs. Wm. H. J. Nowell No. 216 Walnut street, at 9:30 o'clock Sunday evening, when Miss Nell B. Sugg, the attractive daughter of Mr and Mrs. T. B. Sugg, of Wilson, became the bride of Mr. E. Horner Anderson, a well known and popular traveling salesman, the ceremony being performed by Rev. Dr. John M. Wells, pastor of the First Presbyterian Church. There were present several friends of the couple. Mr. and Mrs. Anderson will spend a few days at Wrightsville Beach and will visit relatives at Wilson before going to Darlington, S. C., where they will make their home. Miss Sugg has been living in Wilmington for some time, holding a position as stenographer with the American National Bank. They decided to get married in Wilmington Sunday and a mutual friend secured the license Saturday afternoon. The groom arrived Sunday and at 9:30 o'clock that night they were happily united in marriage. The bride and groom are first cousins and have many friends in this city and elsewhere who will be interested in the announcement of their marriage.

General Meeting With Manufacturers' Committee of Commerce Chamber

Business men of Wilmington, whether members of the Chamber of Commerce or not, are invited to attend an important conference at the Chamber of Commerce this afternoon at 4 o'clock, under the auspices of the Committee on Manufactures, which will hear a proposition from Mr. Geo. A. Simpson, of Pittsburg, relative to the establishment of a new enterprise in this city. There will be on display samples of the product it is proposed to turn out of a subsidiary plant here and all business men who are interested in the development of the city are invited to be present. Mr. Simpson invites the fullest investigation of his proposition and it is hoped that he will have a large number to speak to this afternoon.

LIVE CITY BOARD OF HEALTH

Favors City Taking Over Scavenger Work—Want City Superintendent of Health, Also Physician for Indigent Poor.

The first meeting yesterday afternoon of the present City Board of Health, was featured by the adoption of several important resolutions, one recommending to the City Council that a physician be elected to attend the indigent poor of the city, this in addition to the regular city superintendent of health; another that the city take over the scavenger business, which, it is pointed out, will mean a cleaner city and besides the department will be self-sustaining, while still another recommended that a sufficient number of capable health officers be employed to carry on the work of the health department in the thorough manner that is required.

The board starts off at a lively clip; there was evidence of the fact it will be an important factor in bringing about improved health conditions in Wilmington. The Board of Health is clothed with almost unlimited power and it would appear from statements made at the meetng that the members have ascertained that the board is law unto itself and that certain improvements in conditions may be brought about through this body that might not otherwise receive proper attention. Mayor Joseph D. Smith presided and in attendance were all the other members of the board as follows: Drs. A. H. Harriss and J. C. Wessell, ex-Alderman B. O. Stone, City Engineer F. F. Pillet and Dr. Joseph Akerman, city superintendent of health.

The report of the health department for the month of May showed that there were 84 deaths, 38 whites and 46 colored, this being the largest number of deaths in any one month in a long time. Some of these, however, should really be charged to some other community as they lived at other points in this section but were brought to the hospital here for treatment. Hereafter the report will show the actual number of Wilmington people who died during the preceding months. There were 68 births during the month, 33 whites and 28 colored. There were 6,862 inspections of premises; 3,507 surface closets ordered cleaned; 2,000 orders issued for disinfectants; 1,500 orders filled.

There was remaining June 1st one case of scarlet fever and four cases of smallpox. During the month there were 12 new cases of smallpox reported. There were only 11 cases of typhoid fever reported and it is confidently believed that while not nearly all were reported that there were not more than 25 cases of typhoid fever among the 25,000 inhabitants of Wilmington during the entire month of May. Already many harmful reports have been circulated throughout the State and in other States to the effect that there is a typhoid epidemic here, the number of cases being variously given from 50 to 150. During the month there were 27 fumigations of rooms.

The report of Dr. Thos. B. Carroll, the meat and dairy inspector, for the month of May and for the last fiscal year, as made to the city superintendent of health, was as follows:

"During the month of May I made 36 visits of inspection to dairies and dairy farms and found the sanitary condition of health of cattle and attendants good. There was one application for the sale of milk, but no permit was granted. I made 489 post examinations of slaughtered meats as follows: 119 cattle, 357 sheep and 13 hogs with no condemnations.

"During the year ending May 31st, I made 361 inspections of dairies, dairy farms and places where milk is sold. We have under our supervision about 600 head of cattle, with a daily output of over 550 gallons of milk. During the year I dumped or condemned only 45 gallons of milk, it not having the required butter fat per centage, and after being reprimanded they made the necessary correction. There were 14 applications for the sale of milk and only two granted permits, all of these being town dairies. During the year I made 9,471 examinations of native slaughtered meats as follows: 1,127 cattle; 2,146 sheep and 6,199 hogs. I condemned as follows: As unfit for food purposes, 17 cattle, aggregating about 4,250 pounds; 16 hogs, weighing 750 pounds, and 50 pounds of smoked meats."

W. P. Mangum Turner, Esq., was before the board in behalf of Mr. L. M. Sandlin, of No. 305 North Fourth street, who desires a permit to conduct a small dairy. At the May meeting of the board a petition was filed by persons living in the neighborhood protesting against the granting of a permit to Mr. Sandlin to keep cows and the board declined to grant a permit. Formal application for a permit was not made until yesterday, however, and the board will consider the matter further at a special meeting to be held next Monday afternoon at 4 o'clock. Mr. Turner pointed out to the board that if the applicant complied with the rules governing the keeping of cows in the city limits, that it is not in the power of the Board of Health to say he shall not be granted a permit, for the ordinance makes it mandatory upon the Board of Health to grant the permit where all the requirements are complied with.

Dr. Akerman told of a case of smallpox the Seaboard Air Line "dumped" off on the city a few days ago. He said that the police reported to the health department that a smallpox patient had been left in a Seaboard shanty car at the local station. An investigation was made by the health department and it was found that the man came here with a crew the night before to work on the new warehouse. Dr. Akerman notified the local surgical department of the S. A. L. and a day or two later he was informed that the railroad had not taken charge of the negro and that he was lying in the car suffering for attention. He again communicated with the local surgeon and was informed that the railroad did not consider itself responsible for the man. Dr. Akerman then telegraphed the circumstances to the surgeon in charge of this district at Hamlet and he wired that the railroad would take care of the patient and requesting that a local physician be employed to give him attention. This was done. Yesterday the chief surgeon of the road was in Wilmington and notified the health office that hereafter the railroad will not pay the cost of treatment of smallpox patients discovered under similar circumstances. The reply was that the railroad would have to get the patients out of the city if it would not take care of them in the city.

Ex-Alderman B. O. Stone appeared in his old time trim and was found on his feet several time championing a cause which he thought to be right and proper. First, he spoke most heartily in favor of the city employing a physician to attend the indigent poor and also stated that the city should provide the medicine in such cases. This was a hobby of his while he was on the recent aldermanic board. The Aldermen adopted the idea, but the proposition rested when it got to the Board of Audit and Finance. Mr. Stone considers this one of the greatest charities that can possibly be done. He said that this even surpassed the giving of money to churches and sums to found libraries. Dr. Wessell approved in toto the remarks of Mr. Stone, while Dr. Harriss' only objection was that it did not cover the ground sufficiently. He deplored the large number of people who die from sheer neglect. Dr. Harriss said it was impossible for one man to look after the entire work of the health department and answer all the calls of the indigent poor and he favored the election of two physicians, one as city superintendent of health and the other, his assistant, who would be known as the city physician. In addition to the work at present it is proposed that the city superintendent of health make bacteriological tests, which would require right much of his time.

The following resolution offered by Mr. Stone was unanimously adopted: "Resolved, That we recommend the election of a competent physician whose duty it will be to administer to the out-door poor and visit the sick whenever called upon; the Council, of course, to enact laws making it mandatory upon him to go when called upon, etc. We recommend further that it would not be wise policy to combine the city physician with the superintendent of health."

Upon motion of Dr. Harriss the board decided to recommend to the Council that a sufficient number of capable health officers be elected for the work. It is a matter of common knowledge that there are not sufficient number of health officers in the Summer. It was also decided to recommend to the Council that the time for the regular meeting of the Board of Health be changed to the second Monday in each month.

Mr. Stone brought to the attention of the board the matter of scavenger service. He said that his relation with the members of the firm licensed to do scavenger business in Wilmington is the friendliest, and he had nothing against any member personally. But the present scavenger system is wrong and ineffective. There is no law to make the scavengers do work where they are not paid and no one blames the company for refusing to work for a person who will not pay his bills, he said. Mr. Stone suggested that the owners of property on which there are surface closets be taxed so much a year and the city do the scavenger work. He thought the revenue to be derived from it would pay the expenses of the department. Other members agreed with him and a resolution reading as follows, was adopted:

"Resolved, That we recommend that the city take over the scavenger service in preference to individuals or firms, believing that it will not only mean a cleaner and more sanitary city, but will be self-sustaining."

One in attendance upon the meeting recalled an interesting incident in connection with the recent campaign. Mayor Smith was formerly a member of the board of health, resigning at the April meeting in order to enter the race for Councilman. He jokingly remarked to the other members of the board at the time that he would be with the board again after the beginning of the next fiscal year and by then he would have become Mayor of the city. He did not know how true his words were.

The board was in session until 6 o'clock, and during the two hour session a number of matters pertaining to the health of the community were discussed.

WANT TEACHER PROVIDED.

Growing Settlement at Winter Park Calls for School Facilities.

Residents of that rapidly growing suburb at Winter Park Gardens are making a commendable effort to have the County Board of Education provide the neighborhood with school facilities. A meeting to this effect was held at the chapel in the village Sunday and it was decided for the present to ask only for a teacher for the Fall term with the understanding that the school may be taught in the chapel until a suitable building can be provided. A census of the immediate settlement shows considerably over a hundred children of school age in the village and it is believed that the Board of Education will accede to the very modest request made at this time and that later a school house will be built in the neighborhood. The development at Winter Park has been wonderful and many new homes are going up in the vicinity with still others in prospect. The educational needs of the community are insistent.

SPLENDID ENTERTAINMENT

Large Audience Attended Performance Given by Sunbeam Club at Academy of Music Last Night—Greatly Enjoyed.

The annual entertainment of the Sunbeam Club of Miss Alderman's School was given in the Academy of Music last night to a large and appreciative audience. The exercises were of a high order and those present spent a most delightful evening. The young people executed their parts with unusual ability and won frequent applause. The entertainment consisted of the presentation of the "Magic Bell," "Zobo Patriotic Drill" and "Liberty Hall." Each one was most heartily enjoyed and the three combined went to make up a splendid entertainment and afforded an evening or rare pleasure for those present.

The entertainment was given this year for the benefit of the piano fund of the school. As usual the attendance was large and quite a neat sum was realized.

Those taking part in the "Zobo Patriotic Drill" were: Misses Isabelle Gaylord, Hazel Winstead, Reta Morse, Valera Thomas, Estelle Thomas, Alice Lane, Katie Pridgen, Vera Mills, Mamie Applewhite. Mrs. John Kneisel was pianist. "Come Josephine in My Flying Machine" was given as a specialty by Marion Summerell, William Penny and Miss Blanche Penny.

DAVID'S

REAL sport consists in playing the game as well as you can for the sake of the game itself. The man who scores, and gets the applause, often owes his triumph to the fellow who made the base hit, and got left on second.

Now, that applies to you and to us; because good clothes are a big aid to a man in the business and social affairs of the day; the well dressed man has a better chance to score than the man who is careless about his looks. If we furnish the clothes and you score, we're entitled to some of the credit. Well, we don't claim any of it! You can have it all; you'll be showing your good judgment by coming here and buying HART, SCHAFFNER & MARX clothes. They're the kind of clothes that help a man; they've a classy look of high-grade distinction; there's a quality of all-wool weave, a finished look of tailoring, a smartness of style, about these clothes which you won't get in any other way; it is the indefinable "air" about them that is alone worth all you pay for the clothes.

COTTON MARKET ON UPGRADE

Futures Advanced in New York 5 to 13 Points Net—Bulls Support Old Crop as Well as New—Holiday in Liverpool—Dry in South.

New York, June 5.—The annual election of the New York Cotton Exchange today attracted so much attention as to restrict business to some extent, but particularly as it was a holiday in Liverpool there was a moderate trade and prices showed a further advance on bull support of both the old and new crop, and owing to continued talk of dry weather in the South the close was very steady, at a net advance of 5@13 points.

The market opened steady at an advance of 3@6 points on a renewal of Saturday's covering movement, and off the long range forecast of the government indicating continued warm, dry weather. The initial advance to 13.41 for October or into new high ground attracted a good deal of realizing, however, and during the early trading the market eased off to a net loss of about 2 points on the new crop. But the old crop held steady and seemed to be attracting more support from leading bulls than last week, the presence here of one of the big New Orleans operators was rumored to be on behalf of an old crop bull campaign, and the market soon firmed up against it, notwithstanding reports of scattering showers in the eastern belt, and some bearish crop advices claiming that the dry hot weather had so far been beneficial rather than injurious to cotton. The leading bull and spot brokers were good buyers of both old and new crop position on the advance during the afternoon, there was continued covering and the market closed within a point or two of the top. July led the advance, selling up to 15.87, or 14 points above the closing figures of last week, while October sold to 13.43, or 7 points net higher. The eastern belt forecast was for unsettled weather, but held out no definite promise of rains in the Carolinas or Georgia, and the outlook was for clear weather in other parts of the belt. The detailed weather reports showed a little rain at a few points in the Carolinas over Sunday, but the precipitation seemed to have been hardly sufficient to eliminate drouth reports.

Receipts today, 2,279 bales, against 3,549 last week and 16,845 last year. For the week, 22,000 bales, against 27,724 last week, and 41,701 last year. Today's receipts at New Orleans, 583 bales, against 15,084 last year.

Spot cotton closed quiet, 10 points higher; middling uplands, 15.90; middling gulf, 16.15; sales, 400.

Futures opened steady and closed very steady.

STOCK MARKET LESS STRONG

Mild Reactionary Tendency Due to Varying Speculative Features—Market Was Bearish, But More Encouraging Than Otherwise.

New York, June 5.—After an uninterrupted advance during the greater part of the past week, in which stocks were carried to the highest level of the year, the movement halted today. A mildly reactionary tendency developed but the market offered such effective resistance to pressure that losses in most cases were small. The change in the character of the market from its strong, vigorous tone of last week seemed to be due to the varying temper of speculation rather than to happenings which might have a bearing upon values, for the events of the day were rather more encouraging than otherwise. The purely professional element, however, was disposed to be bearish today, if for no other reason than that the rise had been carried to such an extent that a reaction was deemed logical.

The outside demand appeared to have fallen off somewhat and the irregularity of the opening and the manner in which some of the important stocks such as St. Paul, American Smelting and United States Steel declined in the early session, encouraged bear traders to join in a vigorous demonstration. The selling, however, was not effective. There were numerous substantial declines, but prices began to recover in short order. Support was offered wherever it was needed to preserve the stability of the market, and in the latter part of the day the market was comparatively dull, with a distinctly firmer tone.

Some further advances were made, but they were chiefly among the industrial issues, such as the gas and electric stocks. Underwood Typewriter gained nine points, extending its rise since the latter part of March to 30 points. St. Paul sold off when its April report, showing a decrease of $708,000 in gross earnings and of $396,000 in net had been made known. There was further weakness in the securities of American Tobacco, although the common stocks held fairly steady on the "curb," after its drop of about 120 points since the rendition of the Tobacco decision by the Supreme Court last week.

Reports from the Steel trade were that a definite trend toward heavier orders appeared to have set in in response to the reduction in prices, although manufacturers do not expect pronounced gains before the latter part of the month. Another cut in prices on the part of the principal western subsidiary of the United States Steel Corporation was announced. The bond market was irregular. Total sales, par value, $4,488,000. United States government bonds were unchanged on call. Total sales of stocks for the day, 509,800 shares.

STORM AT CLINTON.

Lightning Struck Residence and Ginnery—Drought Broken.

(Special Star Correspondence.)

Clinton, N. C., June 5.—The long drought extending over a period of nearly two months, was broken by a fine rain today at noon. Conditions were getting so serious that last night prayer services for rain were held at both the Baptist and Episcopal churches here. An electrical storm accompanied the rain and almost at the same moment lightning struck the home of Mr. D. T. Herring and the cotton ginnery of Landon & Best, setting both on fire. In response to a double alarm many citizens turned out in a heavy downpour of rain and soon had the fires out. The damage in both cases was slight. The striking of the ginnery refutes the doctrine that lightning never strikes twice in the same place, this building having been struck and fired by lightning about two years ago.

El Paso, Texas, June 5.—Col. F. M. Locke, chairman of the Texas Secession convention, which deposed Governor Sam Houston, died suddenly last night at his home here, aged 87. Col. Locke fought through the Mexican war and was a colonel in the Confederate army. He founded the town of Alma, Ark., and was the first agricultural commissioner of Arkansas.

THE TRUE TEST

Tried in Wilmington, It Has Stood the Test.

The hardest test is the test of time, and Doan's Kidney Pills have stood it well in Wilmington. Kidney sufferers can hardly ask for stronger proof than the following:

R. A. Biddle, 606 Castle St., Wilmington, N. C., says: "I suffered from my kidneys and back for a long time and another member of my family also complained of backache. Finally we got Doan's Kidney Pills at Bellamy's Drug Store and the results of their use were astonishing. The secretions from my kindeys were cleared up and the pains and backache disappeared. We consider Doan's Kidney Pills a most effective kidney remedy and will always be pleased to endorse them." (Statement given in April, 1903.)

Time is the Test.

Mr. Biddle was interviewed on December 27, 1910, and he said: "I have no reason whatever to alter my opinion of Doan's Kidney Pills. They made a permanent cure in my case and for that reason I am always glad to say a good word for them."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

TURPOILINE

CHEAPER THAN TURPENTINE

It is an odorless mineral product, which possesses great solvent power for paints and varnishes, has the requisite high flash for working and the clean evaporation which leaves the coating in perfect condition.

TURPOILINE makes a free flowing varnish, free from bloom. It flat colors better than turpentine.

TURPOILINE is thorough uniform; you can be assured of receiving the same product all the time.

TURPOILINE costs less and works well.

TURPOILINE is the most satisfactory product on the market for the paint and varnish man.

Try TURPOILINE. One thorough trial will convince you.

WAYNE FOR GOOD ROADS.

Election called for First Thursday in August—Great Meeting.

(Special Star Correspondence.)

Goldsboro, N. C., June 5.—The meeting held in the court house in this city at noon today in the interest of the good roads bond issue for Wayne county was one of the most enthusiastic gathering of Wayne county citizens ever known, and in it all sections of the county were represented and by representative men of their sections.

The meeting was addressed by both members of the lower House of the General Assembly. Representatives John M. Mitchell and J. E. Kelly in favor of the movement, and they were followed in stirring speeches by Messrs. John Langston, N. W. Mursgrave, M. H. Allen and Geo. C. Royall, al of whom briefly but strongly advocated the co-operation of the whole county for a general uniform good roads system throughout the entire county.

The proposed bond issue of $200,000 to be taken care of wholly by the present tax levy for county roads, without the slightest increase to the taxpayer, was fully explained and everyone now fully understands that this bond issue is a practical business proposition and so feasible that it should be adopted by the unanimous vote of the county. The County Good Roads Association, organized May 11, received many new members today, and the Commissioners called an election on the bond issue for the first Thursday in August.

AFTER LUMBER TRUSTS.

Prosecution Begun at Chicago—The Southern Lumbermen

Chicago, June 5.—The Federal investigation of conditions in the lumber industry, looking toward the prosecution of the alleged "Lumber Trust," was begun today before a special grand jury in the United States District Court. Three Chicagoans, Henry A. Sellen, vice-president of a sash and door company, Harry B. Munger, president of a door company, and Geo. J. Pope, vice-president of a local lumber concern, testified.

Coincident with the opening of the inquiry, Oliver E. Pegan, government indictment expert, arrived and began a study of the evidence, said to have been gathered by special agents. The case is based on the theory that ne various lumber dealers' associations and companies form a consiparcy in restraint of trade. The inquiry will affect only organizations of the Middle West, South and West.

Among the points alleged by government representatives are:

That the associations have forced consumers to buy lumber products from "recognizer" retail merchants. That wholesalers and manufacturers who have sold directly to consumers have been blacklisted and that consumers buying from manufacturers have met the same fate. That the purpose of lumber organizations has been to create lists of persons violating rules of the trade and to maintain strict rules governing the conduct of business.

JEFFERSON DAVIS' BIRTHDAY.

Notable Address by Senator Bailey at Washington.

Washington, June 5.—Senator Joseph W. Bailey, of Texas, addressing a gathering of Confederate Veterans tonight, declared that if the two races are to live in peace in this country it must be with the black race in constant recognition of its inferiority.

Speaking of Jefferson Davis, in observance of whose birthday the gathering was held, Senator Bailey said he was less responsible for the conflict between the States than any other man, and was the last man in all the South to abandon the hope of a reconciliation.

"The truth of history was with the Confederate people," said the Senator. "The fathers would never have formed this union if they had not believed that it could be dissolved for cause. If the Southern people believed they could not remain in the Union with honor and safety, they had a right to secede."

There was applause when Senator Bailey presented an aged negro, James A. Jones, who had served as Mr. Davis' body servant. "He is the only man living," said Senator Bailey, "who knows where the seal of the Confederate States is, and he won't tell."

Many shook hands with the old negro, who had Jefferson Davis' cane with him.

COTTON EXCHANGE ELECTION.

Reform Candidates Were Beaten—Known as Insurgents.

New York, June 5.—An insurgent faction, made up mainly of the younger members of the New York Cotton Exchange, whose platform is said to be reform in cotton trading along lines suggested by the Federal government, lost in the annual election of the exchange today. George W. Neville, the regular candidate for president, won over Thomas E. Hicks, insurgent, by 164 to 145, and Edward K. Cone, regular candidate for vice president, won by two votes over George F. Jones. James F. Maurey was re-elected treasurer without opposition. In the election of the board of managers, the insurgents also lost, but generally in close contests.

Washington, June 5.—Entering a room in a local hotel today while its occupant, Louis P. Holliday, of Staunton, Va., was out, a sneak thief obtained $1,350, in $100, $50, $20 and $10 bills. No clue is held as to the thief.

Wins Fight for Life.

It was a long and bloody battle for life that was waged by James B. Mershon, of Newark, N. J., of which he writes: "I had lost much blood from lung hemorrhages, and was very weak and run-down. For eight months I was unable to work. Death seemed close on my heels, when I began, three weeks ago, to use Dr. King's New Discovery. But it has helped me greatly. It is doing all that you claim." For weak, sore lungs, obstinate coughs, stubborn colds, hoarseness, la grippe, asthma, hayfever or any throat or lung trouble it is supreme. 50c. and $1.00. Trial bottle free. Guaranteed by R. R. Bellamy.

WHITEVILLE NEWS NOTES.

Weather Hot and Sultry—Strawberry Yields—Other News Notes.

(Special Star Correspondence.)

Whiteville, June 5.—Mrs. Walter Smith was brought home yesterday from the James Walker Memorial Hospital in Wilmington, where an operation was performed for appendicitic. She is very feeble, but it is hoped that by careful atention she will rapidly improve.

A farmer was today speaking about the strawberry business, and comparing the prices of last and this year. He says from one acre he last year made 132 crate, which brought him in $255. This year from the same acre he made only 65 crates, and they brought him $227. He gave his tenant one-half for cultivating and gathering the berries, and after paying all expenses, received a net rental of $50 from a single acre. This is a fine rental for land and shows what Columbus county dirt will do.

Work on the Chadbourn drainage district is rapidly progressing and when the ditches and canals are completed they will double the yield of crops in that section. There will be other drainage districts organized in the county.

The past two days have been hot and sultry. The showers, however, have brought up the cotton and a fine stand is now asured. Tobacco is the only crop that has been seriously affected by the drought, but many farmers set out plants after the rains, as they say there is time enough for them to mature. It is reported that several warehouses over in South Carolina will not open this season, as the tobacco crop is so very short there will not be enough of the weed grown to warrant the business. Now that the tobacco trust has been disbanded it is predicted that the warehouses at Tabor will open next season. It is a large building but he trust refused to send a buyer there and it never opened up. There is great rejoicing in this section over that decision.

The lumber mills are all now running on full time and business was never more promising. Everybody seems happy and prosperous.

RAISING BATTLESHIP MAINE.

Wreck Being Exposed by Preliminary Operations at Havana.

Havana, June 5.—The preliminary stage in the work of exposing the wreck of the old battleship Maine was completed this afternoon, when repairs to the casson which was ruptured two weeks ago, were finished by the driving of the last interlocking piles. Immediately the work of pumping out the water from the main coffer dam was begun, two powerful centrifugal pumps being used, and the water level has been lowered two feet, when darkness set in and the work was suspended.

At this stage of the operations no indications have been observed of any instability in the retaining walls.

The pumping will be resumed tomorrow morning and it is expected that the water level in the coffer dam will be lowered about five feet. This will suffice to expose most of the after part of the deck, which was remote from the immediate effects of the explosion This mainly affected the forward part of the ship from a point just aft of the forward ten-inch turret.

After a considerable quantity of water has been removed, the pumping operations will probably be suspended for ten days, so that the most careful tests of the stability of the retaining wall may be made before the entire wreck is freed from the water.

Present indications are that some weeks must elapse before a complete examination is possible. The lowering of the water level this afternoon merely gives a clearer view of the after deck than has been possible heretofore, showing it to be encumbered with barnacles and other marine growth.

It is not expected that human remains will be found until the uncovering of the bulk of the hull permits a complete exploration.

OHIO BRIBER CONFESSED.

Legislator Solicited and Accepted Corruption Money.

Columbus, O., June 5.—What Prosecuting Attorney Turner and Attorney General Hogan have been hoping during several weeks, was brought about today when a member of the Legislature — Owen J. Evans — confessed in open court that he had accepted a bribe and declared his willingness to go before the grand jury and make a clean breast of all his knowledge concerning alleged legislative corruption. Evans, after he had been fined $500, went before the grand jury and will be a witness tomorrow. A new and large list of indictments is predicted as a result of Evans' action. He was indicted three weeks ago for soliciting a bribe, and was indicted twice today for soliciting and accepting bribes. To one indictment he pleaded guilty and, at the suggestion of Prosecutor Turner the court imposed only a fine, instead of a prison sentence. The other two indictments were laid away temporarily.

DR. BIGELOW NEARING END.

Is Now Ninety-Four Years of Age — Famous Author.

Highland Falls, N. Y., June 5.—The venerable John Bigelow, author and former Minister to France, is seriously ill at his home, "The Squirrel," here. Dr. Howell, of New York, who is in attendance, declined tonight to express an opinion, but intimated that the aged patient might not recover. Dr. Bigelow is in his ninety-fourth year and returned only last month from a trip abroad.

A Charming Woman

is one who is lovely in face, form, mind and temper. But its hard for a woman to be charming without health A weak, sickly woman will be nervous and irritable. Constipation and kidney poisons show in pimples blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a godsend to women who want health, beauty and friends. They regulate Stomach, Liver and Kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion and perfect health. Try them. 50c. at R. R. LUMBERTON NEWS.

Public Drinking Fountain—Refreshing Rains—Other Notes.

(Special Star Correspondence.)

Lumberton, N. C., June 5.—At the regular monthly meeting of the County Commissioners today, they agreed to stand half the expense of putting a drinking fountain on or near the Court House square, the town paying the other half. It is understood that arrangements will be made by which artesian water will be furnished from one of the flowing wells near the river, the water being forced up to the square by means of a ram. The commissioners also decided to extend the cement walks around the building as well as around the square.

Refreshing rains accompanied by a light fall of hail occurred here this afternoon, breaking the intensely hot spell of weather, which has been almost unendurable the past day or two, yesterday being the worst of the season.

It was reported here today that Mr. H. Stubbs, of the Iona section, lost 11 fine hogs yesterday as a result of the extremely hot weather. Mr. Stubbs put 14 hogs in a field from which he had removed his oat crop. There were no shade trees or water in the field, hence their death. Several of the hogs would have weighed over 100 pounds, it is said.

Mr. Fred P. Gray, for several years the very clever and efficient assistant secretary and treasurer of the Lumberton and Dresden cotton mills, left tonight for Fayetteville, where tomorrow night at 9:30 o'clock he will wed Miss Van L., daughter of Mr. and Mrs. J. C. Bruton. After an extended trip North Mr. and Mrs. Gray will return to Lumberton and board at the home of Miss Essie McLean, on North Elm street. Dr. John Knox, who will be best man at the wedding, will go to Fayetteville tomorrow.

AFFAIRS AT RALEIGH.

Shoot on Rifle Range—Ptomaine Poisoning—Charters Issued.

(Special Star Correspondence.)

Raleigh, N. C., June 5.—Three teams, representing as many companies in the North Carolina National Guard, did the first preliminary work this afternoon preparatory to the competitive shoot to be held on the Raleigh rifle range, tomorrow, Wednesday and Thursday for the DuPont trophy, awarded some time ago to the team from Company B, Third Infantry, Raleigh. The two other teams are from Asheville and Lumber Bridge and represent both the First and Second regiments. The Raleigh team, when challenged by the two highest teams in the other regiments, accepted the challenge, and Adjutant General Leinster ordered the shoot.

Mrs. M. H. Newsom and family of three sons and one daughter, are ill today from ptomaine poisoning, the result, physicians say, of having eaten ice cream Sunday afternoon. The entire family was critically ill last night, but a message from the home late this evening was to the effect that all were doing nicely.

Charters were issued today as follows: Carthage Hardware Company, of Carthage; authorized capital $25,000, with $3,000 paid in by Jesse Carter, Sr., Jesse Carter, Jr., W. V. Carter and R. G. Carter.

A. B. Watson Company, of Rowland, Robeson county, to deal in merchandise; authorized capital $25,000, with $1,500 paid in by Jas. F. Watson, A. B. Watson and L. H. Watson.

CARDINAL GIBBONS JUBILEE.

Society of St. Vincent DePaul Congratulates Eminent Prelate.

Boston, June 5.—Pausing in the midst of their consideration of best ways and means of advancing their charitable and philanthropic work, the members of the Society of St. Vincent DePaul, of the United States, gathered in Lorimer hall tonight, gave expression to their appreciation of the labors of Cardinal Gibbons and congratulated him on reaching his golden jubilee.

Under the general topic of "administration of councils and conferences," the speakers of the evening were Edward A. Hall, president of the Central Council of Springfield, and Thomas M. Mulry, president of the Superior Council of New York.

BENEDICT YACHT STILL FAST.

Attempt to Pull Virginia Off Rocks is Proceeding.

Havana, June 5.—Attempts made this morning to pull off the yacht Virginia from the Colorado reefs by the steamer Premier failed and the Premier came to Havana to procure additional cables and supplies. She returned immediately to the Virginia and will mage a final effort to float the yacht.

Indications, however, are said to be unfavorable, as the Virginia apparently is hard held. E. C. Benedict and his party remain aboard the yacht, and seems to be in no wise concerned regarding their safety. The weather remains fine and the wreck is only four miles from the port of Esperanza.

MOVING PICTURE FILMS BURNED.

Destructive Fire in New York Manufactory Yesterday.

New York, June 5.—One hundred and forty miles of moving pictures melted into air this afternoon, leaving no ashes behind, when flames swept through the two-story building of the Powers Company, film manufacturers, in the Bronx. Seventy heroes and heroines, who were rehearsing a moving picture drama when the fire was discovered, fled for their lives and for an hour stood in their stage clothes on the sidewalk and watched the firemen battle with the blaze.

A BUSINESS SUGGESTION.—

Discard the old Pocket Book with its stuffing of worn receipts. Every time you open it there is danger of losing cash, valuable papers, or making incorrect change.

Make a rule to deposit all your cash and carry one of the neat pocket check books given away at this bank. Then pay all accounts and expenses by check. We will render statements and return your checks monthly.

Get in line with business systems. You will save money and establish credit.

COMMITTED SUICIDE.

Virginia Young Man Sent Bullet Through His Temple.

Fairfax Court House, Va., June 5.—Aggie Kern, 21 years old, a well known carpenter here, shot himself, making effective his statement that he would commit suicide. Financial straits are said by his relatives to have been the cause. Yesterday morning he made the remark that he would shoot himself, but it was thought he was joking. After supper last night he put a bullet through his temple as he stood almost in sight of relatives in the home of his parents. He died within a few minutes.

HOT WAVE IN SOUTHWEST.

Mercury Ran Up to 104 in Kansas—Prostrations Occurred.

Kansas City, Mo., June 5.—Hot weather continued throughout the Southwest today. Few government weather stations reported the temperature to have been less than 90. At Junction City, Kan., the high mark 104 was recorded. High temperatures at other points were Muskogee, 95; Topeka, 97.2; Joplin and Wichita, 94. Shortly after 4 o'clock the mercury climbed to 98 here. Prostrations were reported from Muskogee and Wichita, but there were no fatalities.

TOBACCO TRUST DECISION.

Formal Dissent of Associate Justice Harlan Filed.

Washington, June 5.—Associate Justice Harlan, of the Supreme Court of the United States, today filed his dissenting opinion in the tobacco case, recently decided by the court. With the exception of a few immaterial verbal changes the opinion is a copy of the "points" he had included in a memorandum from which he delivered an oral dissent the day the case was decided.

SIX INJURED IN STORM.

Fierce Lightning and Destructive Wind in Georgia.

Baxley, Ga., June 5.—Six persons were injured and considerable property damaged by a severe wind and rain storm which swept this section this afternoon. Mrs. H. J.
